2026 Pumper Loan

Chief Rountree successfully obtained three quotes as advised at the last meeting. Multiple questions are unanswered at this time and between production delays and three diverse loan proposals. The district would like to utilize the \$130,000 budgeted for FY26 from Debt Service as one final down payment made to Spartan Apparatus. This would reduce the amount financed and give the administration time to clarify the terms on the three options to present back to the Commission.

Commissioner Chisum motioned to allow Chief Rountree to request the \$130,000 budgeted payment from our Debt Service Fund in the most expeditious way before the end of the fiscal year.

Commissioner Ganshow seconded.
