**SUBJ:** New Contract as a Result of Solicitation  
Request for Proposal (RFP) 071217, Disaster Debris Management and Financial Recovery Services for Beaufort County

**DATE:** 08/15/2017

**BACKGROUND:**

Beaufort County issued a RFP to solicit proposals from qualified firms to provide services to Beaufort County in the event of a debris generating event such as a hurricane. Services include: 1) Provide disaster debris monitoring services to include debris generated from the public right-of-ways, private property, drainage areas, waterways, and other public eligible, or designated areas. 2) Emergency Management Planning, Training and Staff/Equipment Augmentation. 3) Grant Management Consulting Services. A pre-proposal meeting was held June 22, 2017, and proposals were opened on July 12, 2017. The County received proposals from two firms:

1. Tetra Tech Inc., Maitland, FL
2. Witt O'Brien's, Washington, DC

The staff evaluation committee reviewed the proposals for capability, the firms' experience, performance capability and proposed cost. Evaluation committee members consisted of Eric Larson, Director, Environmental Engineering and Land Management; Jim Minor, Solid Waste & Recycling Manager; Pam Cobb, Disaster Recovery Coordinator; Angel Bowers Assistant Disaster Recovery Coordinator; David Zeoli, Deputy Director, Emergency Management and Chris Inglese, Assistant County Attorney. The panel ranked the firms according to the RFP selection criteria, interviewed both firms on August 7, 2017, and determined Tetra Tech to be the top ranked firm.

WHEREAS, the County owns an additional parcel within the City's jurisdiction known as R123 018 000 0056 0000 (shown on Exhibit A Attached) and (hereinafter the "relevant portion of the City Parcel" or "City Parcel") having been annexed into the City of Beaufort the \_\_\_\_ day of \_\_\_\_\_, 20\_\_ in which the relevant portion is shown outlined on the attached "Exhibit A." The relevant portion being more or less located to the east of the main runway known as 7/25, and west of the Airport Circle road, and south of the existing hangar building known as Building 700, and north of Sea Island Parkway; and

WHEREAS, there exists an interests to develop the County parcels and the relevant portion of the City Parcel for Beaufort County (Lady's Island) Airport activities consistent with the Beaufort County Airport Master Plan, specifically airport hangars; and

WHEREAS, the planned development of airport hangars includes potential for buildings that will or may be built on a portion of a County Parcel and on the relevant portion of the City Parcel; and

WHEREAS, the City of Beaufort currently does collect certain fees for the City parcel including but not limited to stormwater fees, business license fees and ad valorem taxes; and

WHEREAS, the Parties through this agreement do intend the City continue to collect existing fees, ad valorem taxes and business license fees for activity on the City parcel except as provided herein; and

WHEREAS, it is the intention of the Parties that any future fees generated as a result of

development on the County parcels or the relevant portion of the City parcel be remitted to the County; and

WHEREAS, to provide for a consistent and fair set of regulations for development of the parcels, and to avoid duplicating government approvals, permits, fees, taxes and other expenses, the Parties seek to enter into an agreement providing that development of the County Parcels, and the relevant portion of the City parcel, be exempt from the City of Beaufort regulatory review and control except that the City will continue to receive payment for existing fees on the relevant portion of the City parcel, such as ad valorem taxes and stormwater fees, with any newly generated fees from future development to be collected by the County. In consideration of potential fees for portions of development on the relevant portions of the City parcel, the County shall remit to the City an annual payment for **SEVEN HUNDRED FIFTY DOLLARS AND 00/100 CENTS** (\$750.00) beginning the fiscal year following the issuance of a final certificate of occupancy from the County Building Official. In the event the County increases storm water fees to county residents, such percentage increase shall be applied to adjust this annual payment.

NOW, THEREFORE, it is mutually agreed by and between the parties as follows:

Section 1. The County is a political subdivision of the State of South Carolina (“State”) and has all powers granted to counties by the Constitution and the general law of the State, including the power to enter into this Agreement.

Section 2. The City is a political subdivision of the State located within Beaufort County, South Carolina, and is entitled to exercise all the powers and privileges provided to municipal corporations in the State including the power to enter into the Agreement.

Section 3. The Parties agree that each is vested with the powers necessary to execute this Intergovernmental Agreement for the purposes stated therein.

Section 4. The Parties agree that neither may alter or amend or repeal the agreements made herein without the written consent of the other and that it is the intent of the Parties that this agreement be maintained in perpetuity until such time as it has been properly revoked, rescinded or otherwise terminated.

Section 5. The City hereby agrees to refrain from imposing on the development of the relevant portion of the aforementioned City parcel any regulations of development including but

not limited to interpreting and enforcing the City's land use regulations, building codes, business license regulations, taxes, impact fees or any other municipal powers associated with the City parcel.

Section 6. The County shall have exclusive jurisdiction over that portion of the City Parcel (as shown on Exhibit A) and the County Parcels except as provided herein. The County may exercise all of its jurisdictional powers over that portion of the City Parcel (shown on Exhibit A) exclusively and without interference from the City. The County shall provide all local government services including fire, police, school, stormwater, EMS and other County services. The County shall have the exclusive right to collect taxes, impact fees, business license fees, stormwater fees and other fees associated with the development of the relevant portion of the City Parcel except that fees collected by the City at the time of entering into this agreement shall continue to be fees remitted to the City.

Additional fees, generated as a result of future development that may split the County's and the City's jurisdiction, are fees that shall be remitted to the County. In consideration of potential fees for future development on the relevant portions of the City parcel, the County shall remit to the City an annual payment for **SEVEN HUNDRED FIFTY DOLLARS AND 00/100 CENTS** (\$750.00) beginning the fiscal year following the issuance of a final certificate of occupancy from the County Building Official. In the event the County increases storm water fees to county residents, such percentage increase shall be applied to adjust this annual payment.

Section 7. When a future development area includes buildings or land in which a portion of the building or land is on both the County parcel and on the relevant portion of the City parcel, the development area will be assessed as if the building or development area were one hundred percent (100%) in the County jurisdiction. However, existing assessments as of the date of the execution of this agreement, on the City parcel and existing fees such as stormwater fees, will continue to be remitted to the City.

Section 8. The County shall exclusively provide for review, approvals, and permitting of any development on the relevant portion of the City parcel and shall be exclusively responsible for enforcement of the County's Code of Ordinances including but not limited to the County's Community Development Code and the County Building Code. Likewise, the City will have no

right of enforcement nor to collect any new taxes or new fees associated with development on the relevant portion of the City Parcel other than continuing to collect City fees existing at the time of entering this agreement.

Section 9. This Agreement shall become effective immediately and shall apply to the entire 2017 tax year, as well as all subsequent years during the term of the Agreement.

Section 10. This Agreement shall be in effect until such time as the Parties mutually agree to alter, amend, rescind or otherwise terminate this Agreement.

Section 11. This Agreement may be amended, modified or changed only upon the written agreement between the County and the City.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the day and year first above written.

**KEEP BEAUFORT COUNTY  
BEAUTIFUL**  
KEEP AMERICA BEAUTIFUL AFFILIATE

July 17, 2017

Alice G. Howard, Member  
County Council of Beaufort County  
PO Drawer 1228  
Beaufort, SC 29901

Dear Alice,

During our recent Keep Beaufort County Beautiful (KBCB) Board meeting, July 13, 2017, a motion was approved to begin the process to charter our present board as a County Council appointed and approved board. We have been made aware that we are the only volunteer board in the Beaufort County system that has the support of County staff but has no council appointed members and is not officially chartered. We would like to be given the recognition and higher level of support that will come with this chartered status.

We do not feel that it is in the best interests of our Keep America Beautiful affiliation to, at this time, merge or continue the pursuit of a merger with the Southern Beaufort County Beautification Committee (SBCBC). The individual goals of each of our committees appear too bifurcated to wind up being a good fit. We would, however, like to stay connected to them by having a representative of theirs on our board and a representative of KBCB on their board to learn more about each other and assist with common goals.

KBCB has been an active part of Beaufort County for almost thirty years. For its entire existence it has never been a burden to the County and has more than carried its own weight with educational efforts and grant opportunities that it has brought to our community. Having an affiliate of National KAB and SC Palmetto Pride adds credibility to our county's continuing efforts to manage the Adopt A Highway program and other litter reduction efforts, as well as, contributing to the recycling efforts.

Thank you for any assistance you can give us in the effort to become fully chartered by County Council. Let me know when we can meet to begin the process.

Sincerely,

Michael Murphy, Chairperson  
Keep Beaufort County Beautiful
