The rule is to abstain from voting on any issue if you are, in any way, associated with business, money, family or friendship.

Rev. Venice Young, a resident of Burton, commented about a notice of violation he received for trash, litter, and unsightly maintenance of his property.

Mr. George Brown, Jr., a resident of St. Helena Island, commented about a warning ticket he received for not having a building permit to replace a roof and install a shed.

The Chairman announced the first of two public hearings Monday, May 11, 2015 beginning at 6:00 p.m. in Council Chambers of the Administration Building, 100 Ribaut Road, Beaufort.

AN ORDINANCE AUTHORIZING THE ISSUANCE AND SALE OF NOT TO EXCEED \$12,000,000 GENERAL OBLIGATION BONDS AND \$12,000,000 GENERAL OBLIGATION BOND ANTICIPATION NOTES, IN ONE OR MORE SERIES, IN ONE OR MORE YEARS, WITH APPROPRIATE SERIES DESIGNATIONS, OF BEAUFORT COUNTY, SOUTH CAROLINA; FIXING THE FORM AND DETAILS OF THE BOND AND THE NOTES; DELEGATING TO THE COUNTY ADMINISTRATOR CERTAIN AUTHORITY RELATED TO THE BONDS AND THE NOTES; PROVIDING FOR THE PAYMENT OF THE BONDS AND THE NOTES AND THE DISPOSITION OF THE PROCEEDS THEREOF; AND OTHER MATTERS RELATING THERETO (PURCHASE OF 88 ACRES PEPPER HALL PLANTATION)

Mr. Vaux recused himself, left the room, and was not present for any of the discussion. His law firm represents the seller.

Main motion: It was moved by Mr. Stewart, as Chairman of the Finance Committee (no second required), that Council approve on second reading an ordinance authorizing the issuance and sale of not to exceed \$12,000,000 general obligation bonds and \$12,000,000 general obligation bond anticipation notes, in one or more series, in one or more years, with appropriate series designations, of Beaufort County, South Carolina; fixing the form and details of the bond and the notes; delegating to the County Administrator certain authority related to the bonds and the notes; providing for the payment of the bonds and the notes and the disposition of the proceeds thereof; and other matters relating thereto (purchase of 88 acres / Pepper Hall Plantation).

Mrs. Howard stated she has researched, studied, talked to various people, reviewed the minutes and, at this point, cannot vote for the issuance of the bonds and the purchase of the 88 acres. She is glad the Rural and Critical Lands Board did buy some of the property along the headwaters. That was very important to do in order to protect our environment.

Mr. Flewelling stated his impression is that this is simply for the bond issuance. We will be having a separate debate beginning in May 2015 which will require three readings and a public hearing for the actual purchase of the property. Is he correct in that assumption?

Mr. Joshua Gruber, Deputy County Administrator/Special Counsel, replied Administration's interpretation would be that a positive vote in favor of the bond borrowing would be an implicit authorization to move forward with the execution of an option on the property due to the fact that significant costs will be incurred by virtue of the borrowing itself and those costs could not be justified without subsequently carrying out the exercising of the option.

Mr. Flewelling anticipates voting on this today because should Council decide to purchase this property, the funding will be in place. He is in favor of allowing the decision of Council at the time we make the purchase, that that be funded properly. He does not want Council placed in an adverse position and lose the opportunity to purchase the property should we decide to do that. Therefore, he intends to allow the financing of the property; but, is not convinced that he will vote for the actual purchase of the property at this point. He needs some assurance that he is not going to be misinterpreted the wrong way.

Mr. Sommerville said what Mr. Flewelling is trying to do is kick the can down the road. He would personally oppose that. He is one of 11. Either we are going to buy this property or we are not. If we approve \$12,000,000, we have said we are going to buy it. He is voting tonight whether he wants to buy the property or not.

Mr. Rodman said at the last Council he had the same impression that there was some ambiguity as to which way it is. We ought to bifurcate this issue into two pieces – (i) putting into place the mechanism, in case we elect to exercise the option and then (ii) debating whether we want to exercise the option.

Motion to amend by addition: It was moved by Mr. Rodman, no second was called, that Council amend the motion to add, “. . . contingent upon Council taking separate action to authorize the execution of the June 30 option.” The vote: YEAS – Mrs. Bensch, Mr. Fobes, Mr. Flewelling, Mr. Rodman and Mr. Stewart. NAYS – Mr. Caporale, Mr. Dawson, Mrs. Howard, Mr. McBride and Mr. Sommerville. RECUSAL - Mr. Vaux recused himself, left the room, and was not present for any of the discussion. His law firm represents the seller. The motion failed.

Mr. Caporale inquired as to why Council is not voting on purchasing the property or not.

Mr. Sommerville replied that is exactly what we are doing now.

Mr. Caporale stated that was not the way it was brought to Council. The vagueness was built in from the start. That is why he is asking the question. It seems like on some key issues there is always vagueness built in intentionally. It seems we would be voting on whether or not to buy the land.

Mr. Gruber clarified his comment at the beginning of this discussion is that it was implied, and the reason for that, is because there are costs associated with this borrowing. From a staff perspective, once we are given authorization, we are expending public money and, are, therefore, entitled to carry that out.

Mr. Caporale stated if Council wanted to preserve it, he will vote to preserve it. If Council wants to vote to preserve along the critical portion that protects the view, that everyone seems to be so sincerely fond of, he would vote for that too. But, that would require a drawdown in some amount from Rural and Critical Lands, which some members of Council have already spoken against. We have talked about this now for almost two years, have resolved very little of the process of talking about it, and are not much closer to it tonight. He does not see any option, but to vote against it again. Some of his constituents would like to see the land preserved. And an even larger portion would not like to see it developed in any fashion by the County. He would vote to preserve it in its entirety and, would even vote to develop it in some limited fashion, only, so long as Rural and Critical Lands came in and told us the best way to preserve the heart of it, which appears to be the view and anything else that may approach the water.

Mr. Fobes stated Mr. Caporale has articulated the position he has had for some time. He would be likely to purchase it except for the fact that we are now doing it with general obligation bonds and, is not sure that is the appropriate use of our taxpayers' money. He would like to preserve it for the view. The disturbing factor is that we have had this in our hands for 18 months. We paid \$500,000 for our option with the presumption we are going to do something with it. Shame on Council and staff for not doing that. We have done a very, very poor job of getting the best out of this property. It looks like we are going to vote for the purchase tonight. He is not sure he can support that.

Mr. Rodman believes options have value and there is still time to take a look at what we ought to do. The highest and best use of this land is to preserve the section immediately along U.S. Highway 278 and to take the interior portion and use it as a commercial park given its central to the County and at the crossroads of the County from a highway standpoint. He has started to develop a proposal of what we ought to consider regarding economic development. There has been a strong case made that if we actually are going to do economic development, we need property. We need product. We ought to establish two commercial parks -- one in the northern part of the county and one in the southern part. Pepper Hall would be a good location in the southern part of the County.

Mr. Rodman presented a schematic of the property that breaks the property into two pieces – a piece along U.S. Highway 278 frontage and the back section. We need to apply what the value is for each of those. He has a format of a way for Council to look at it, to include placeholder numbers: (i) Option 1, Frontage Value is divided into four 4-acre lots at \$500,000 per acre at a value of \$8,000,000; (ii) Option 2, Park Value (without the paddock) is 60 acres at \$75,000 per acre at a value of \$4,500,000 (with the paddock), 60 acres at \$100,000 per acres at a value of \$6,000,000; (iii) Option 3, Net Value (if you are going to develop it) is the frontage net value of \$8,000,000, plus park value of \$4,500,000, equals \$12,500,000, minus the option of \$11,500,000, leaves a balance of \$1,000,000. (iv) Option 4, Conservation of the Front is

\$300,000 per acre with a value of \$4,800,000, stormwater fees \$700,000, park value of \$100,000 with a value of \$6,000,000, leaves a balance of \$11,500,000. Mr. Rodman supports Option 4 and, encourages staff to run the numbers.

Mr. Rodman is in favor of preserving the land because Council can actually control the type of development. We do know that Bluffton Town, at one point in time, looked at annexing this property. We also know that the property can be annexed by the City of Hardeeville. He supports keeping the option open. It makes sense to exercise it. We would be shortsighted if we did not to try to take some kind of methodology like this, apply some numbers to it, and understand exactly what it is that we have before us. Some people think it has a lot of value; some people do not have any idea. From a rural and critical lands standpoint, this is one parcel of property the vast majority of the people living the southern portion of the county, would like preserved. Hopefully, Council will take action to move this issue forward to third reading so people can weigh in.

Mr. Flewelling is not convinced with this new information. He would like a little more time to evaluate the final decision. He will take the next two weeks to evaluate it if it passes tonight. He intends to vote for it, so that he can have time to evaluate the final decision a little bit better, understanding that the next vote will be to vote to purchase the property.

Mr. Sommerville commented, “if it's not broke, don't fix it.” This property is currently zoned rural. The Rural and Critical Lands Program had already purchased an 18-acre buffer around the Okatie River for \$4,000,000, over approximately \$200,000 an acre. Unless Council acts to change the current zoning, nothing legally can be constructed on that property that will degrade the environment or create a traffic catastrophe. Most importantly, there has been a lot of discussion about whether we are preserving it or are we going to develop it. This is not a Rural and Critical Lands project. Rural and Critical Lands took a pass on it, and they bought this 18-acre 300-foot buffer. They are out of the picture. This is just Council. If the County purchases this property, it will be our taxpayers' money. This property is not being purchased for preservation.

What exactly is the purpose of purchasing this property? Some are saying we should buy it to develop it, but there is no plan. Do we think we can be more successful as the developer of this property than the current owner? The property is grossly overpriced at \$144,000 an acre or \$12,000,000. When Rural and Critical Lands was looking at this property for possible preservation, they evaluated it at less than \$4,000,000. An appraiser, no sympathy to Beaufort County, appraised it for slightly over \$4,000,000. Rural and Critical Lands has already purchased 600 acres around the headwaters of the Okatie River, which is the area we are talking about, for between \$13,000 and \$72,000 an acre, way less than we are being asked to pay for this property now. The only way we can justify the \$12,000,000 price tag we are being asked to pay, is to assume the County will upzone the property to regional commercial, which is exactly what the owners previously asked for and were turned down by this Council because regional commercial would have permitted 1.7 million square feet of commercial space and 500 single-family units/apartments. In addition to the environmental damage, this upzoning would chew up 40% of the incremental traffic capacity created by the widening of U.S. Highway 278. If we

purchase this property and plan to upzone it, to develop it, we would be obligated to seek input from our regional partners in the Southern Regional Plan – City of Hardeeville, Town of Bluffton, Jasper County Council and Town of Hilton Head Island because this would be a “project of regional significance.” We have previously asked Hardeeville City and Bluffton Town not to annex this property out of fear they would upzone it from its current rural zoning. In his humble opinion, we would be hypocritical. He spoke with the Bluffton Town Mayor, as recently as this afternoon, and Bluffton’s new future land use map excludes everything north of U.S. Highway 278, which means they do not intend to annex Pepper Hall Plantation. We would also have to amend our Comprehensive Plan to allow a higher level of development. If we end up issuing bonds to purchase this property for \$12,000,000, it would eat up over 25% of our current bonding capacity. If we pay for it out of reserves, it will consume half of our reserves. If we pay for it with a one-time tax increase, it will require a 7.0 mill tax increase, plus interest. Other family members of this seller, who own 40 acres of contiguous property, are anxiously waiting in the wings, hoping we will set this absurd price point, so they can demand it also or demand that their property also be upzoned into the stratosphere. There have been suggestions made by Council members and others that private money could be available to cover all or part of the price of the property. Berkeley Hall and Sun City have been mentioned as possible donors, yet no private money has come forward. The County has already spent \$500,000 for the option to purchase this property for \$12,000,000. He looks at this as an inducement to persuade the owners to sell the 300-acre buffer the Rural and Critical Lands purchased to protect the Okatie River, which we have done. That \$500,000 payment had the net effect of raising the cost of the 18-acre riverbuffer from \$4,000,000 to \$4,500,000 or from \$222,000 per acre to \$250,000 per acre. For these reasons, he will vote against the motion.

Mrs. Bensch addressed the public’s concern about recusing oneself and being too close a project. With five children, 15 grandchildren, and all the in-laws that she has, it is hard in this county for somebody not to be related distantly to someone. It is kind of like being a Campbell or Smalls. She cannot help that. That is why when this began, she asked the Ethics Commission who said we could not go out to in-laws. Her views on this issue are as unbiased as she can be about anything. She had somebody comment last week, “Do you want to preserve this land and have the county buy this because your background is in economic development.” Mrs. Bensch thought that was an amazing question and replied, “We are retired and we do not make any money off development.” She is doing it because she is an American. Because the basis of liberty is to own property and being able to do with it what our laws allow. We have heard repeatedly that this land should not be bought by Rural and Critical Lands and even they did not believe that it is something they are interested in preserving. She lives south of the Broad River, has lived there 35 years, and understands what this property means to the residents south of the Broad River and tourists. It is kind of like the Sea Pines Lighthouse. It is an icon. She has heard repeatedly in development meetings we do not want to look like Myrtle Beach. If we let this property go, we will look like Myrtle Beach. This is the beginning of the development of more automobile dealerships, etc. The Chairman has commented repeatedly, “We do not have to rezone this property. We can control this property.” Our laws do not allow us to have that kind of authority. Whatever our development code allows and is contiguous to the property, is what these people are allowed to do. We have stalled them for years from rezoning this property. That can only go on so long. At the end of the day, if we do not buy this property, rezone it, and

give them what they are legally entitled, here is where we will be — we will pay them \$12,000,000, a lawsuit, they will own the land at the end of the day, and they will develop it according to our county code. We really cannot play games and continue to hold their feet to the fire and delay, and delay and delay. She would like to see this land preserved. Mrs. Bensch quoted the Governor, “What we are all about in South Carolina is history, tradition and preservation.” This is just one of those places where we have history, tradition and preservation. She does not understand why Rural and Critical Lands are not interested in preserving. She does not understand why Council does not tell Rural and Critical Lands they will buy some of this property. We tell them what we want them to buy, they do not tell us; they ask us, they are an advisory Board. All of the calls she has received people have asked, “What other piece of property is more important to preserve south of the Broad River than this piece of property”? If we do not own it, we have no right to tell the owner what to do with it. The only way we can control the development on that property is to own it. The property value will only appreciate.

Mr. Dawson spoke to the issue of conflict of interest. It has bothered him from day one to know that Mrs. Bensch’s association through a family member of the property owner does not give her the sense of any impropriety or conflict of interest that she is arguing adamantly for the sale of this property. If Mr. Dawson had a daughter or son married into the family of a property he was making a decision on, he would automatically recuse himself from voting on the issue. It sets a precedent for all members of Council to set those guidelines to operate by so we do not cast a dark shadow on Council, as a whole, and that is what is happening here. It is bothersome to no end.

Mr. Caporale stated it is probably best if we do not debate these things in public. This is something we should avoid. We can have our private feelings, but the pitfall of this, is there may be someone here thinking that Mr. Stewart’s conflict is greater than Mrs. Bensch’s is. This issue has actually been decided, so he thought, a long time ago by the Ethics Commission. That is South Carolina. Those are the rules we follow.

Motion to postpone: It was moved by Mr. Rodman, seconded by Mr. Caporale, that Council postpone consideration of second reading of an ordinance authorizing the issuance of \$12,000,000 General Obligation Bonds and \$12,000,000 General Obligation Bond Anticipation Notes for the purchase of Pepper Hall Plantation to the May 11, 2015 meeting of Council. The vote: YEAS - Mrs. Bensch, Mr. Caporale, Mr. Flewelling, Mr. Fobes, Mr. Rodman and Mr. Stewart. NAYS - Mrs. Howard, Mr. McBride, Mr. Sommerville, Mr. Stewart. RECUSAL - Mr. Vaux recused himself, left the room, and was not present for any of the discussion. His law firm represents the seller. The motion passed.

Mr. Stewart has heard three major objections to the purchase of Pepper Hall: the land is zoned rural so there can be no dense development on this land; there is no plan for development or use of the land; and the agreed upon purchase price is too high. He addressed each of these issues.

First - The land is zoned rural so there can be no dense development on this land.

Council just passed the Community Development Code (CDC), which replaces the old ZDSO, which controlled zoning in the County. The operative words in this code are Community Development. There is no reference in the title to Rural Protection and/or Environmental Protection. In northern Beaufort County, there will be protection for rural areas under the CDC but not so in southern Beaufort County. Land such as Pepper Hall is already surrounded by residential and commercial development, such that the new code concedes that this land should, and ultimately will, be zoned commercial residential. This land will not remain rural. This means more housing and retail development. Perhaps rather than new development, we should focus our efforts in utilizing the numerous empty, vacant buildings to protect investments already in place.

Second - There is no plan for the development and/or use of this land.

There is a plan: the plan proffered by the owner/developer. One that the Council's Development Review Committee, of which he was a member, rejected. The last plan submitted by the owner is asking for 45 acres adjacent to U.S. Highway 278 be rezoned as regional commercial allowing up to 587,000 square feet of commercial buildings; the rear of the property to be rezoned suburban with up to an additional 114,000 square feet of commercial buildings; and a total of 480 housing units spread over the entire 113 acres.

True, the County has no specific plan, but is having a vision. This vision is consistent with the County's Comprehensive Plan and is consistent with the vision of residents in the immediate area.

Third and final. The agreed upon price, agreed upon by vote of this Council, is too high.

To address the issue Mr. Stewart had previously presented a value average analysis were taken together for all land currently owned by the county, plus Pepper Hall, would increase the average price from \$52,000 to \$61,000 per acre, an increase of \$8,000 per acre. This is a small price to pay to protect an already investment of more than \$40,000,000.

Let us compare the proposed development to already recently approved developments along U.S. Highway 278. (1) Bluffton Gateway is an approved commercial development at the intersection of U.S. Highway 278 and S.C. Highway 46. Situated on a 66-acre tract, it is somewhat larger than the proposed Pepper Hall commercial tract, but its approved commercial density is approximately one-half that sought by the owner. Furthermore, Bluffton Gateway would have access from both U.S. Highway 278 and Route 46, as well as, connectivity to other commercial developments. (2) The Outlets at Tanger One occupies 25 acres of commercial regional and has 217,000 square feet of commercial space. The commercial regional acreage proposed for Pepper Hall would permit up to 586,099 square feet of commercial space. (3) The owner proposes up to 480 residential units; spread over the entire tract, this would average over 4 units per acre. In fact, however, if one were to subtract commercial land use, the density of residential units would increase substantially (approximately 12 per acre). As a comparison, Berkeley Hall has 712 dwelling units on 963 acres, or 0.74 dwelling units per acre.

Let us also compare this to the cost of future infrastructure needs if development of this magnitude occurs and does not include the cost of addition service needs, including fire/EMS/schools, etc. (1) The Pepper Hall proposal along with other planned developments would also certainly create a failed road system in the area. Traffic studies show that the level of the proposed commercial development would outstrip the ability of area roads, notably U.S. Highway 278, to accommodate the traffic. Necessary road improvements would entail a massive cost to the County. Far costlier than \$12,000,000. (2) The current widening of U.S. Highway 278 between Simmonsville Road and S.C. Highway 170 is being implemented to address projected road deficiencies caused by existing development. The development enabled by the proposed rezoning of the Pepper Hall tract alone would consume 41% of the added capacity created by the road widening. (3) The proposed development also greatly exceeds the impervious surfaces limits which most environmental groups consider essential to preservation of the Okatie River water quality.

Mr. Stewart personally believes the best solution is for the county to exercise its option to purchase Pepper Hall. Ownership gives the County total control over zoning and future development of the land, thus allowing for limited development in an environmentally sensitive manner.

We are very excited about beginning to occupy the County building on Bay Street in July 2015 and opening the facility to the public in the first quarter of 2016.

Mrs. Dorothy Gnann, a resident of the City of Beaufort, stated the Comprehensive Plan was three plus years in the making. Two of those years were spent going all over the County asking landowners what they wanted to do with their land before the first zoning ordinance was ever written. Pepper Hall Plantation is zoned rural. The owner can have the horse farm. Why not follow the zoning regulation that has been on the books for 20 years.

INFORMATION ITEMS

1. Update / Application Withdrawn for a Community Development Block Grant for Installation of Water Lines in the Seabrook Community

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Discussion: Ms. Monica Spells, Assistant County Administrator–Civic Engagement and Outreach, reviewed this item with the Committee. The application request to apply for a Community Block Grant for installation of water lines in the Seabrook Community has been withdrawn due to nominal interest from residents. The County’s effort to secure commitments from potential users of a water system was not successful. Most of the residents did not respond to the survey and, those who did, have no desire to commit to a public water system at this time.

Mr. Dawson thanked the staff of both the County and Lowcountry Council of Governments for their support and efforts.

Status: Information only.

2. Presentation / Parks and Leisure Services Board Vision

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Discussion: Mr. Scott Marshall, Parks and Leisure Services Director, provided the Committee with a PowerPoint presentation on the vision of the Parks and Leisure Services Board. He reviewed with the Committee the Assessment Study (Study), prepared by Ballard*King and Associates, dated March 12, 2013. The purpose of this Study was to critically assess Parks and Leisure Services (PALS) and provide recommendations. The information was gathered from two site visits to the County in October and December 2012. Primarily, their recommendations for the County are as follows:

- Determine level of commitment to recreational activities
 - What services will/should the County provide?
 - How much public subsidy is expected?
- Strategically plan to make it happen
 - Structures
 - Resources
 - Relationships

The PALS Board’s envisions:

- Transition enrichment programs to more capable delivery agents.

The Department does not have the expertise nor the resources to run quality programs. Shifting programs (with subsidy) to struggling non-profits with expertise, benefits all. The transition, however, must not result in service gaps.

- Implement a new service delivery model for recreation south of the Broad River.

County demographics are too wide-ranging to continue service delivery with a county-centric model. The Board recommends the transfer of recreational property and responsibility to the Town of Hilton Head Island and the Town of Bluffton to provide services to the greater Bluffton area. The model would also include a possible interim step in the Bluffton Plan, which

would include parceling out resources for Bluffton recreation into a separate department focusing on athletics only.

- Refocus centralized recreational activities in northern Beaufort County.

Designate a new county organization to manage recreation activities and assets north of the Broad River to include recreational sports, passive parks and boat landings.

Mr. Christian Kata, Parks and Leisure Services Board, stated a basic plan is presented today. The Board is looking for direction and commitment from Council.

Mr. Caporale congratulated the group and stated this is excellent framework. He wanted to know where things stand with the Island Recreation Center, which could provide insight as to the next step. It would be beneficial to start with the Town of Hilton Head Island, then Bluffton Town, then north of the Broad River.

Mr. Flewelling requested staff provide a breakdown of financial obligations within the key areas – north of the Broad River, Town of Bluffton and Town of Hilton Head Island. We should evaluate the current cost of each delivery method – maintenance, facilities and personnel.

Mrs. Howard wanted to know the difference between north and south of the Broad River.

Mr. Matt Whitmore, Athletic Program Manager, stated more children participate in sports south of the Broad River, which, when choosing All Star teams, presents an unfair playing field with respect opportunities. If we separate athletics, there would be a Division 1 and Division 2.

Ms. Shannon Loper, Deputy Director, Parks and Leisure Services, stated a year ago the state decided to split athletics into divisions. Beaufort County is one district, *i.e.*, Division 1. Therefore, we are required to play within our district. In other words, Beaufort has to play against Bluffton, which is an uneven playing field. If they were two different divisions, Beaufort would qualify as a lower division and could play against smaller towns.

Mr. Gary Kubic, County Administrator, spoke before the Committee. For years the challenge in PALS is how to apply recreation opportunities for our children across the county with so many different logistics.

PALS is not just recreation, it supports quality-of-life opportunities. It is a four-part system -- supplemental efforts to improve education and quality-of-life issues, northern Beaufort County, the Town of Bluffton, and the Town of Hilton Head Island. We have four moving parts that we have been trying to manage through a central process that does not create opportunities for efficiency. PALS recently entered into agreements with Love House Ministries and the Boys and Girls Club regarding the 2015 Summer Camp program. The decision to partner with Love House Ministries and the Boys and Girls Club will result in improved quality of services for the children and families PALS serves. The Town of Hilton Head Island has a parks and recreation agent, Island Recreation Center, that we fund.

Mrs. Bensch asked staff to provide a comparison of Beaufort County services and funding with the other Tier 2 counties.

Status: Information only.

ACTION ITEM

1. Local 3% Accommodations Tax Funding Request / USC-Beaufort Center for the Arts Renovation Project

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Discussion: Mrs. Lynn McGee, University of South Carolina – Beaufort, reviewed this item with the Committee. This is a request for local 3% accommodations tax funding in the amount of \$500,000 from the University of South Carolina-Beaufort (USCB) for the Center for the Arts (CFA) Renovation Project. The CFA has become the main public provider of cultural and arts activities in Beaufort County. During the past year, the USCB CFA has served more than 22,000 attendees with the arts and cultural programming. With the CFA's ability to offer a

greater quality of programming because of the 21st Century lighting and sound as proposed in this request, both the number of programs and the average attendance will no doubt increase substantially.

The Project will be accomplished through investments from the USCB \$600,000 deferred maintenance and \$325,000 renovation/reserves, the City of Beaufort \$125,000, private fundraising/private donors \$250,000, as well as Beaufort County \$500,000. USCB is paying a little over half the total cost of this update using capital improvement dollars as well as renovation reserves.

Mrs. Allison Coppage, Assistant County Attorney, informed the Committee that there are two potential sources of funding the 3% local accommodations tax as well as 2% local hospitality tax. The 2% local hospitality tax would be the preferred source of funding.

The Committee asked staff to provide Council a breakdown of both the local 3% local accommodations tax and 2% local hospitality tax collections and distributions for north and south of the Broad River.

Motion: It was moved by Mr. Rodman, seconded by Mr. Caporale, that Committee approve and recommend to Council the approval on first reading of an ordinance to transfer funds not to exceed \$500,000 from the 2% local hospitality tax fund to the University of South Carolina-Beaufort Center for the Arts Renovations Project (replacement of lighting, sound system, drapery, electrical and seating). The vote: YEAS – Mrs. Bensch, Mr. Caporale, Mr. Flewelling, Mr. Fobes, Mr. Rodman and Mr. Stewart. Mr. McBride temporarily left the room. The motion passed.

Recommendation: Council approve on first reading an ordinance to transfer funds not to exceed \$500,000 from the 2% local hospitality tax fund to the University of South Carolina-Beaufort Center for the Arts Renovations Project (replacement of lighting, sound system, drapery, electrical and seating).

5. Presentation / New Mosquito Control App for Mobile Devices / Mosquito Control, USC-Beaufort, and Information Technology Collaboration

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Discussion: Mr. Phil Foot, Assistant County Administrator–Public Safety, introduced this item to the Committee. The collaboration for the new Mosquito Control App (App) involved both County’s Mosquito Control Department and Information Technology Division as well as the University of South Carolina-Beaufort.

Mr. Greg Hunt, Mosquito Control Director, stated there was a lot of work that has gone into this program. He provided the Committee with a PowerPoint presentation. In 2012 the Governor of Texas declared a public health emergency due to a West Nile Virus epidemic. There were 1,869 human cases and 89 deaths confirmed in Texas. The economic impact has been estimated at \$47.5 million because of overtime, the purchase of public health insecticides, contracted spraying, and the delivery of healthcare to the sick and dying patients. The news and media covered the episode in the Dallas and Fort Worth areas. In 2013 the City of Plano developed an App to report cases of West Nile Virus (WNV) for monitoring purposes.

Mosquito Control maintains a very good surveillance program for WNV. About 12,000 are tested annually. The creation of an App included the following individuals Dr. Kasia Pawelek, Assistant Professor–USC-Beaufort; Cristian Salmeron, graduate–USC-Beaufort; Patrick Neihaus, graduate–USC-Beaufort; and Robert Gecy, County IT Applications Programmer.

Mr. Gecy provided the Committee with a demonstration of the Mosquito Control App. The App includes two forms – request for service as well as report a dead bird. A database is used to check the location of the request to ensure its validity.

6. Economic Development Proposal

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Discussion: Committee Chairman Stu Rodman reviewed with the Committee an organizational proposal for economic development. Given the fact that Beaufort County does not have a lot of large corporations, the County would have to use public funding for the purpose of economic development. He presented a proposal consisting of \$250,000 annually funded with a 70% contribution from the County and 30% from the municipalities. The key activities include jobs by way of formation of new companies or recruitment of companies. Mr. Rodman presented the possibility of creating an eight-member Board consisting of one member from the County, one member from each of the four municipalities, and three members selected by the Board. He spoke about the Town of Hilton Head Island Economic Development Corporation model, Deal Flow, and the search for a director.

Mr. Rodman spoke about the issue of an economic development product proposal. He provided the committee with examples of research parks located both north and south of the Broad River. Each of these examples included possible factors relative to the demographics of the area and well as possible costs.

Mr. Rodman also reviewed the financial engineering relative to economic development. This included operational information to include a complete overview of proposed contributions as well as the County's portion per year. Factors such as general obligation bonds and bond anticipation notes were also included as well as possible cost offsets to include a public-private partnership, CIP referendum, sale of parcels and commerce.

Mr. Rodman distributed to the Committee a proposed resolution relative to the adoption of an Economic Development Policy in Beaufort County.

Mayor Billy Keyserling, City of Beaufort (City), stated the City does not believe they have a partner with the County with respect to economic development. The Town of Hilton Head Island and the Town of Bluffton have each developed a strategy. The City of Beaufort and Town of Port Royal will develop a strategy. He spoke about the importance of the collaboration of efforts.

Mr. Gary Kubic, County Administrator, stated economic development is about two issues -- job creation/retention and business profit – which presents a different scenario in Town of

Hilton Head Island, Town of Bluffton and the northern areas. We need to reach out to folks in the community. He does not believe there is the desire for economic development in Beaufort County, and, until that mindset changes, it is much more difficult to come up with a model that will work.

Mr. Rodman provided the Committee with a Media Release titled "Forum Explores Healthcare-Related Economic Development Opportunities on Hilton Head Island".

4. Presentation / City of Beaufort / Boundary Street Master Plan / Battery Creek Vista Project

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Discussion: Mayor Billy Keyserling, City of Beaufort, introduced this item to the Committee and introduced Ms. Libby Anderson, City Planning Director, to provide the

Committee with a PowerPoint presentation on the Battery Creek Vista Project as well as Boundary Street Project.

Ms. Anderson stated this project began in 2005 and started with a charrette of what could happen, which she demonstrated through visual images. The Boundary Street Master Plan (Plan) was adopted in June of 2006. The objectives of the Plan are as follows: identify redevelopment opportunities, balance vehicles/pedestrians; improve safety, traffic flow; create a cohesive plan; and revise land development regulations, create a form-based code. This was part of a public-input process that included charrettes, stakeholder meetings, and public hearings. She reviewed with the Committee the principles of the plan:

- Interconnect it all
- Create traffic capacity, safety and character
- Plan for feasible, phase-able pieces
- Make Boundary Street a walkable “great street”
- Grow a mix of uses and mix of housing types
- Assemble a green network; link marsh views
- Grow a memorable entrance to town

Ms. Anderson also reviewed the big moves of the Plan:

- Parallel road network
- Street trees and proper sidewalks
- “Boulevard-style” slow lane and parking
- Special intersections at two key spots
- Greenspace: window squares, marsh front, possible central park
- Civic buildings positioned correctly
- Strip centers convert to town blocks

She reviewed the plans and vision with the Committee, some of which has already been partially implemented. Future plans and current implementation were also reviewed. The Boundary Street Code was adopted in February 2007 and updated in November of 2014. This provides the framework for private development and infrastructure. The Boundary Street Project design was presented and an overview of funding was provided - \$12,635,000 Tiger Grant, \$7,819,654 County BTAG, and \$7,930,395 TIFII. The total project cost is \$28,385,049 which includes underground utilities.

Mayor Keyserling provided the Committee an overview of the Battery Creek Vista Project, which is another step in implementing the entire vision. The estimated economic impact of the Boundary Street Corridor is \$150,000,000. He spoke of the properties included in the proposed Battery Park. Battery Park will have many benefits, to include:

- Providing access to the water
- Improving water quality

- Preserving a unique historic civil war site
- Improving the appearance the entrance way to the city
- Increasing traffic safety
- Providing additional open space

Mr. Keyserling reviewed scenarios relative to acquisition of park property: City of Beaufort \$1,000,000, Beaufort County Open Land Trust \$500,000, and Beaufort County Rural and Critical Lands Preservation Program \$1,500,000 million.

Mr. Dean Moss, representing the Open Land Trust, informed the Committee that the United Way parcel is currently under contract. The organization will stay in Beaufort County and will convert their capital into operations.

Mr. Gruber stated his reservation in moving forward is in regard to the amendments.

Mrs. Allison Coppage, Assistant County Attorney, stated Mr. Ken Driggers, a lawyer with the Beaufort County Open Land Trust, has briefed her on the modifications of the letter of agreement. These modifications will be addressed during executive session.

Community Development Code of Beaufort County, South Carolina

The Jury was impressed with the manner of framing the county-wide range of physically diverse place types, rural to urban, into a format that is easy to understand, nicely illustrated, and with rules appropriate for those places. The Jury also appreciated that the code provides a strategy for transitioning the prior zoning rules and that it accommodates small and large development by integrating subdivision standards. The code also offers excellent guidance for the design of future buildings with its documentation of existing structures within the county, building type standards, and architectural standards. Also the coordinated effort of the re-zoning of two municipalities within the county was seen as an excellent strategy and serves as an example that should be emulated by other counties and regional intergovernmental agencies.

“The code frames the county-wide range of physically diverse place types, rural to urban, into a format that is easy to understand, nicely illustrated, and with rules appropriate for those places. The code also provides a strategy for transitioning the prior zoning rules and accommodates small and large development by integrating subdivision standards. It offers excellent guidance for the design of future buildings with its documentation of existing structures within the county, building type standards, and architectural standards. The coordinated effort of the re-zoning of two municipalities in the county was an excellent strategy and served as an example that should be emulated by other counties and regional intergovernmental agencies.”

Beaufort County Community Development Code Timeline

1999: In response to a decade of unprecedented growth, Beaufort County adopted the Zoning and Development Standards Ordinance (ZDSO) which provided much needed tools that promoted quality development; protected trees and wetlands; preserved rural areas; and required quality architecture and landscaping for new development. However, the ZDSO was often criticized for telling people what they could not do rather than providing a vision for growth in Beaufort County. The ZDSO also created an uneven regulatory environment across jurisdictional boundaries, leading to zoning shopping.

2006 – 07: In response to rapid growth and municipal expansion, Beaufort County embarked on two regional plans with its municipalities. The Northern and Southern Regional Plans provided a blueprint for cooperative planning and a shared vision for future growth that transcended municipal boundaries.

May 2010: Beaufort County, in conjunction with the City of Beaufort and the Town of Port Royal, engaged the services of Opticos Design, Inc., a California based planning firm that specializes in the development of form-based codes. The goal was the development of a multi-jurisdictional code with common language and zoning districts. The original cost of the code was \$550,000 with \$350,000 paid for by Beaufort County and \$100,000 each paid for by the Town of Port Royal and the City of Beaufort.

October – December 2011: Opticos held a series of workshops, or charrettes, in eight neighborhoods across the County where it made the most sense to encourage walkable mixed-use development. The charrettes aided in refining the form-based zoning districts and in developing zoning maps for the new code.

February - November 2012: The first draft of the Community Development Code was completed. The Beaufort County Planning Department formed a Technical Advisory Committee made up of architects, landscape architects, and civil engineers to provide a “peer review” of the code.

February 2013 – February 2014: A second draft of the Community Development Code was completed. The County formed a Joint Review Committee made up of members of the Beaufort County Planning Commission and County Council to carefully go through the document. This process was very effective in securing buy-in from the two entities that would eventually review and approve the Code.

December 2014: Beaufort County Council adopted the Code on December 8, 2014. The Town of Port Royal adopted the Port Royal Town Code in 2014 as well. The City of Beaufort is still in the process of developing their code.

The Beaufort County Community Development Code is unique. There are very few examples of consistent zoning between counties and municipalities across the nation. Teton County, Wyoming and the Tahoe Regional Planning Agency are some examples. Beaufort County is unique, however, in using the Transect as the organizing principle for multi-jurisdictional zoning. The Community Development Code should serve as an example for other counties and municipalities struggling with rapid growth and a multi-jurisdictional framework.

STATE OF SOUTH CAROLINA
COUNTY COUNCIL FOR BEAUFORT COUNTY
ORDINANCE NO. _____

AN ORDINANCE AUTHORIZING THE ISSUANCE AND SALE OF NOT TO EXCEED \$12,000,000 GENERAL OBLIGATION BONDS AND \$12,000,000 GENERAL OBLIGATION BOND ANTICIPATION NOTES, IN ONE OR MORE SERIES, IN ONE OR MORE YEARS, WITH APPROPRIATE SERIES DESIGNATIONS, OF BEAUFORT COUNTY, SOUTH CAROLINA; FIXING THE FORM AND DETAILS OF THE BOND AND THE NOTES; DELEGATING TO THE COUNTY ADMINISTRATOR CERTAIN AUTHORITY RELATED TO THE BONDS AND THE NOTES; PROVIDING FOR THE PAYMENT OF THE BONDS AND THE NOTES AND THE DISPOSITION OF THE PROCEEDS THEREOF; AND OTHER MATTERS RELATING THERETO.

Pursuant to the authority by the Constitution of the State of South Carolina and the General Assembly of the State of South Carolina, BE IT ENACTED BY BEAUFORT COUNTY COUNCIL:

SECTION 1. Findings and Determinations. The County Council (the “County Council”) of Beaufort County, South Carolina (the “County”), hereby finds and determines:

(a) Pursuant to Section 4-9-10, Code of Laws of South Carolina 1976, as amended, the County operates under the Council-Administrator form of government and the County Council constitutes the governing body of the County.

(b) Article X, Section 14 of the Constitution of the State of South Carolina, 1895, as amended (the “Constitution”), provides that each county shall have the power to incur bonded indebtedness in such manner and upon such terms and conditions as the General Assembly shall prescribe by general law. Such debt must be incurred for a public purpose and a corporate purpose in an amount not exceeding eight percent (8%) of the assessed value of all taxable property of such county.

(c) Pursuant to Title 4, Chapter 15 of the Code (the same being and hereinafter referred to as the “County Bond Act”), the governing bodies of the several counties of the State may each issue general obligation bonds to defray the cost of any authorized purpose and for any amount not exceeding their applicable constitutional limit.

(d) The County Bond Act provides that as a condition precedent to the issuance of bonds an election be held and the result be favorable thereto. Title 11, Chapter 27 of the Code of Laws of South Carolina 1976, as amended, provides that if an election be prescribed by the provisions of the County Bond Act, but not be required by the provisions of Article X of the Constitution, then in every such instance, no election need be held (notwithstanding the requirement therefor) and the remaining provisions of the County Bond Act shall constitute a full and complete authorization to issue bonds in accordance with such remaining provisions.

(e) The assessed value of all the taxable property in the County as of June 30, 2014, is \$1,688,809,792. Eight percent of the assessed value is \$135,104,783. As of the date hereof, the outstanding general obligation debt of the County subject to the limitation imposed by Article X, Section 14(7) of the Constitution is \$87,994,710. Thus, the County may incur \$47,110,073 additional general obligation debt within its applicable debt limitation.

(f) Article X, Section 14 of the Constitution further provides that general obligation bond anticipation notes may be issued in anticipation of the proceeds of general obligation bonds which may lawfully be issued under such terms and conditions that the General Assembly may prescribe by law.

(g) Pursuant to the provisions of Title 11, Chapter 17 of the Code of Laws of South Carolina, 1976, as amended (“Title 11, Chapter 17”), any county, whenever authorized by general or special law to issue bonds, may, pending the sale and issuance thereof, borrow in anticipation of the receipt of the proceeds of the bonds

(h) Pursuant to Ordinance No. 2012/10 enacted on August 13, 2012, County Council has adopted Written Procedures Related to Tax-Exempt Debt.

(i) Pending the issuance and sale of general obligation bonds, it is necessary and in the best interest of the County for the County Council to provide for the issuance and sale of general obligation bond anticipation notes in an amount of not to exceed \$12,000,000 for: (i) the acquisition of a parcel of property known as Pepper Hall Plantation (the “Project”); (ii) paying costs of issuance of the Bonds (hereinafter defined); and (iii) such other lawful purposes as the County Council shall determine.

SECTION 2. Authorization and Details of Bonds. Pursuant to the aforesaid provisions of the Constitution and laws of the State, there is hereby authorized to be issued not exceeding \$12,000,000 aggregate principal amount of general obligation bonds of the County to be designated “\$(amount issued) General Obligation Bonds, (appropriate series designation), of Beaufort County, South Carolina” (the “Bonds”) for the purpose of retiring any outstanding bond anticipation notes, and to pay costs of issuance of the Bonds.

The Bonds shall be issued as fully registered Bonds registerable as to principal and interest; shall be dated as of the first day of the month in which they are delivered to the initial purchaser(s) thereof; shall be in denominations of \$5,000 or any integral multiple thereof not exceeding principal amount of Bonds maturing each year; shall be numbered from R-1 upward, respectively; shall bear interest from their date payable at such times as hereafter designated by the Administrator of the County (the “Administrator”) at such rate or rates as may be determined by the Administrator at the time of sale thereof; and shall mature serially in successive annual installments as determined by the Administrator.

Both the principal of and interest on the Bonds shall be payable in any coin or currency of the United States of America which is, at the time of payment, legal tender for public and private debts.

SECTION 3. Authorization and Details of Notes. Pursuant to the aforesaid provisions of the Constitution and laws of the State, there is hereby authorized to be issued not exceeding \$12,000,000 aggregate principal amount of general obligation bond anticipation notes of the County, in one or more series, in one or more years, with appropriate series designations, to be designated “(amount issued) General Obligation Bond Anticipation Notes, (appropriate series designation) of Beaufort County, South Carolina”(the “Notes”) to fund the Project, and to pay costs of issuance of the Notes.

The Notes shall be issued as fully registered Notes registerable as to principal and interest; shall be dated as of their date of delivery to the initial purchaser(s) thereof; shall bear interest from their dated date payable at maturity at such rate or rates as may be determined by the County Administrator at the time of sale thereof.

Both the principal of and interest on the Notes shall be payable in any coin or currency of the United States of America which is, at the time of payment, legal tender for public and private debts.

If it is determined that it would be in the County's best interest to renew the Notes at maturity rather than to issue the Bonds, said renewal will be authorized by Resolution adopted by County Council.

SECTION 4. Approval by County Council; Delegation of Authority Relating to the Bonds. County Council shall by written resolution approve the issuance and sale of each series of bonds. Subject to County Council's approval, County Council hereby delegates to the Administrator or his lawfully-authorized designee the authority with respect to each Series of Bonds: (a) to determine the par amount of Bonds; (b) to determine maturity dates of the Bonds and the respective principal amounts maturing on such dates; (c) to determine the interest payment dates of the Bonds; (d) to determine redemption provisions, if any, for the Bonds; (e) the date and time of sale of the Bonds; (f) to receive bids on behalf of the County Council; and (g) to award the sale of the Bonds to the lowest bidders therefor in accordance with the terms of the Notices of Sale for each series of Bonds.

After the sale of each series of Bonds, the Administrator or his lawfully-authorized designee shall submit a written report to the County Council setting forth the results of the sale of each series of Bonds.

SECTION 5. Delegation of Authority Relating to the Notes. The County Council hereby delegates to the Administrator or his lawfully-authorized designee the authority: (a) to determine the par amount of the Notes; (b) to determine the maturity date of the Notes; (c) to determine redemption provisions, if any, for the Notes; (d) the date and time of sale of the Notes; (e) to receive bids on behalf of the County Council; and (f) to award the sale of the Notes to the lowest bidders therefor in accordance with the terms of the Notice of Sale for the Notes.

After the sale of the Notes, the Administrator or his lawfully-authorized designee shall submit a written report to the County Council setting forth the results of the sale of the Notes.

SECTION 6. Registration, Transfer and Exchange of Bonds and Notes. The County shall cause books (herein referred to as the "registry books") to be kept at the offices of the Registrar/Paying Agent, for the registration and transfer of the Bonds and Notes. Upon presentation at its office for such purpose the Registrar/Paying Agent shall register or transfer, or cause to be registered or transferred, on such registry books, the Bonds and Notes under such reasonable regulations as the Registrar/Paying Agent may prescribe.

Each Bond and Note shall be transferable only upon the registry books of the County, which shall be kept for such purpose at the principal office of the Registrar/Paying Agent, by the registered owner thereof in person or by his duly authorized attorney upon surrender thereof together with a written instrument of transfer satisfactory to the Registrar/Paying Agent duly executed by the registered owner or his duly authorized attorney. Upon the transfer of any such Bond the Registrar/Paying Agent on behalf of the County shall issue in the name of the transferee a new fully-registered Bond, Bonds, Note or Notes, of the same aggregate principal amount, interest rate and maturity as the surrendered Bond or Note. Any Bonds or Notes surrendered in exchange for a new registered Bond or Note pursuant to this Section shall be canceled by the Registrar/Paying Agent.

The County and the Registrar/Paying Agent may deem or treat the person in whose name any fully-registered Bond and Note shall be registered upon the registry books as the absolute owner of such Bond and Note, whether such Bond and Note shall be overdue or not, for the purpose of receiving payment of the principal of and interest on such Bond and Note and for all other purposes and all such payments so made to any such registered owner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the County nor the Registrar/Paying Agent shall be affected by any notice to the contrary. For every such transfer of Bonds and Notes, the County or the Registrar/Paying Agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such transfer, and, except as otherwise provided

herein, may charge a sum sufficient to pay the cost of preparing each Bond and Note issued upon such transfer, which sum or sums shall be paid by the person requesting such transfer or by the County as a condition precedent to the exercise of the privilege of making such transfer. Neither the County nor the Registrar/Paying Agent shall be obliged to make any such transfer of Bonds during the fifteen (15) days preceding an interest payment date on such Bonds or Notes.

SECTION 7. Record Date. The County hereby establishes a record date for the payment of interest or for the giving of notice of any proposed redemption of Bonds, and such record date shall be the fifteenth (15th) day of the calendar month preceding each semiannual interest payment date on such Bond or in the case of any proposed redemption of Bonds, such record date shall be the fifteenth (15th) day prior to the giving of notice of redemption of bonds.

SECTION 8. Mutilation, Loss, Theft or Destruction of Bonds or Notes. In case any Bond or Note shall at any time become mutilated in whole or in part, or be lost, stolen or destroyed, or be so defaced as to impair the value thereof to the owner, the County shall execute and the Registrar shall authenticate and deliver at the principal office of the Registrar, or send by registered mail to the owner thereof at his request, risk and expense a new Bond or Note of the same series, interest rate and maturity and of like tenor and effect in exchange or substitution for and upon the surrender for cancellation of such defaced, mutilated or partly destroyed Bond, or in lieu of or in substitution for such lost, stolen or destroyed Bond or Note. In any such event the applicant for the issuance of a substitute Bond or Note shall furnish the County and the Registrar evidence or proof satisfactory to the County and the Registrar of the loss, destruction, mutilation, defacement or theft of the original Bond or Note, and of the ownership thereof, and also such security and indemnity in an amount as may be required by the laws of the State of South Carolina or such greater amount as may be required by the County and the Registrar. Any duplicate Bond or Note issued under the provisions of this Section in exchange and substitution for any defaced, mutilated or partly destroyed Bond or Note or in substitution for any allegedly lost, stolen or wholly destroyed Bond shall be entitled to the identical benefits under this Ordinance as was the original Bond or Note in lieu of which such duplicate Bond or Note is issued, and shall be entitled to equal and proportionate benefits with all the other Bonds or Notes of the same series issued hereunder.

All expenses necessary for the providing of any duplicate Bond or Note shall be borne by the applicant therefor.

SECTION 9. Execution of Bonds and Notes. The Bonds and Notes shall be executed in the name of the County with the manual or facsimile signature of the Chair of the County Council attested by the manual or facsimile signature of the Clerk of the County Council under a facsimile of the seal of the County impressed, imprinted or reproduced thereon; provided, however, the facsimile signatures appearing on the Bonds or Notes may be those of the officers who are in office on the date of adoption of this Ordinance. The execution of the Bonds or Notes in such fashion shall be valid and effectual, notwithstanding any subsequent change in such offices. The Bonds or Notes shall not be valid or become obligatory for any purpose unless there shall have been endorsed thereon a certificate of authentication. Each Bond and Note shall bear a certificate of authentication manually executed by the Registrar.

SECTION 10. Form of Bonds and Notes. The Bonds and Notes shall be in substantially the form attached to the Resolution setting forth the details of the Bonds and Exhibit A hereto, respectively, and incorporated herein by reference.

SECTION 11. Security for Bonds. The full faith, credit, and taxing power of the County are hereby irrevocably pledged for the payment of the principal of and interest on the Bonds as they respectively mature, and for the creation of such sinking fund as may be necessary therefor. by The Depository Trust Company, New York, New York (“DTC”), and transfers of beneficial ownership of the Initial Bonds shall be made only through DTC and its participants in accordance with rules specified by DTC. Such beneficial ownership must be of \$5,000 principal amount of Bonds or Notes of the same maturity or any integral multiple of \$5,000.

The Initial Bonds or Notes shall be issued in fully-registered form, one Bond or Note for each of the maturities of the Bonds or Notes, in the name of Cede & Co., as the nominee of DTC. When any principal of or interest on the Initial Notes or Initial Bonds becomes due, the Paying Agent, on behalf of the County, shall transmit to DTC an amount equal to such installment of principal and interest. DTC shall remit such payments to the beneficial owners of the Bonds or Notes or their nominees in accordance with its rules and regulations.

Notices of redemption of the Initial Bonds or any portion thereof shall be sent to DTC in accordance with the provisions of the Ordinance.

If (a) DTC determines not to continue to act as securities depository for the Bonds or Notes, or (b) the County has advised DTC of its determination that DTC is incapable of discharging its duties, the County shall attempt to retain another qualified securities depository to replace DTC. Upon receipt by the County the Initial Bonds together with an assignment duly executed by DTC, the County shall execute and deliver to the successor securities depository Bonds or Notes of the same principal amount, interest rate and maturity registered in the name of such successor.

If the County is unable to retain a qualified successor to DTC or the County has determined that it is in its best interest not to continue the book-entry system of transfer or that interests of the beneficial owners of the Bond or Notes might be adversely affected if the book-entry system of transfer is continued (the County undertakes no obligation to make any investigation to determine the occurrence of any events that would permit it to make any such determination), and has made provision to so notify beneficial owners of the Bonds or Notes by mailing an appropriate notice to DTC, upon receipt by the County of the Initial Notes or Initial Bonds together with an assignment duly executed by DTC, the County shall execute, authenticate and deliver to the DTC participants Bonds or Notes in fully-registered form, in substantially the form set forth in Section 2 of this Ordinance in the denomination of \$5,000 or any integral multiple thereof.

Notwithstanding the foregoing, at the request of the purchaser, the Bonds or Notes will be issued as one single fully-registered Bond or Note and not issued through the book-entry system.

SECTION 16. Sale of Bonds and Notes, Form of Notice of Sale. The Bonds and Notes shall be sold at public sale. SECTION 19. Continuing Disclosure. In compliance with the Securities and Exchange Commission Rule 15c2-12 (the "Rule") the County covenants and agrees for the benefit of the holders from time to time of the Notes to execute and deliver prior to closing, and to thereafter comply with the terms of a Disclosure Dissemination Agent Agreement in substantially the form appearing as Exhibit C to this Ordinance. In the event of a failure of the County to comply with any of the provisions of the Disclosure Dissemination Agent Agreement, an event of default under this Ordinance shall not be deemed to have occurred. In such event, the sole remedy of any bondholder or beneficial owner shall be an action to compel performance by the Ordinance. The County will execute and deliver a Disclosure Dissemination Agent Agreement in connection with the issuance of the Bonds, the form of which will be attached to the Resolution setting forth the details of the Bonds.

SECTION 20. Deposit and Use of Proceeds. To be eligible for reimbursement of the Expenditures, the reimbursement allocation must be made not later than 18 months after the later of (a) the date on which the Expenditures were paid, or (b) the date the Project was placed in service, but in no event more than three (3) years after the original Expenditures. The Expenditures are incurred solely to acquire, construct or rehabilitate property having a reasonably

SECTION 23. Tax Covenants. The County hereby covenants and agrees with the Holders of the Bonds and Notes that it will not take any action which will, or fail to take any action which failure will, cause interest on the Bonds to become includable in the gross income of the Bondholders or Noteholders for federal income tax purposes pursuant to the provisions of the Internal Revenue Code of 1986, as amended and regulations promulgated thereunder (the "IRC") in effect on the date of original issuance of the Bonds and Notes. The County further covenants and agrees with the holders of the Bonds that no use of the proceeds of the Bonds and Notes shall be made which, if such use had been reasonably expected on the date of issue of the Bonds and Notes would have caused the Bonds or Notes to be "arbitrage bonds," as defined in Section 148 of the IRC, and to that end the County hereby shall:

If the Issuer chooses to include any information in any Annual Report, Audited Financial Statements, Notice Event notice, Failure to File Event notice, Voluntary Event Disclosure or Voluntary Financial Disclosure in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report, Audited Financial Statements, Notice Event notice, Failure to File Event notice, Voluntary Event Disclosure or Voluntary Financial Disclosure.

SECTION 8. Termination of Reporting Obligation. The obligations of the Issuer and the Disclosure Dissemination Agent under this Disclosure Agreement shall terminate with respect to the Notes upon the legal defeasance, prior redemption or payment in full of all of the Notes, when the Issuer is no longer an obligated person with respect to the Notes, or upon delivery by the Disclosure Representative to the Disclosure Dissemination Agent of an opinion of counsel expert in federal securities laws to the effect that continuing disclosure is no longer required.

The Issuer may, upon thirty days written notice to the Disclosure Dissemination Agent and the Trustee, replace or appoint a successor Disclosure Dissemination Agent. Upon termination of DAC's services as Disclosure Dissemination Agent, whether by notice of the Issuer or DAC, the Issuer agrees to appoint a successor Disclosure Dissemination Agent or, alternately, agrees to assume all responsibilities of Disclosure Dissemination Agent under this Disclosure Agreement for the benefit of the Holders of the Notes. The Disclosure Dissemination Agent may resign at any time by providing thirty days' prior written notice to the Issuer.

SECTION 10. Remedies in Event of Default. Any failure by a party to perform in accordance with this Disclosure Agreement shall not constitute a default on the Notes or under any other document relating to the Notes, and all rights and remedies shall be limited to those expressly stated herein.

SECTION 11. Duties, Immunities and Liabilities of Disclosure Dissemination Agent.

(a) The Disclosure Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement. The Disclosure Dissemination Agent shall have no duty to determine, or liability for failing to determine, whether the Issuer has complied with this Disclosure Agreement. Topic: Island West Property Owners Association Position on Pepper Hall Plantation
Date Submitted: May 11, 2015
Submitted By: Jim Cuff
Venue: County Council Meeting

To County Council:

We have taken a survey of our community and had enough replies to justify a quorum if it had been an election. Of that number about 80 % of the population opted to have the county purchase the Pepper Hall Property, in order to keep it out of the hands of developers.

The majority of the respondents wanted to keep the property, as is. If it has to be developed, they would prefer to keep the frontage area to 278 in as much of the existing state as possible.

If I may put my finger on the pulse of Island West, I would say that we as a community would like to see more of the pristine landscape that drew us all to this part of the Low Country.

If the property is not protected from for profit developers, we are afraid that we will be facing more big box stores, more grocery stores and gas stations which we really do not need more of.

We are hoping the county can sit on the property and protect it from this type of development until such a time that maybe the right project comes along where the end use fits the goals and dreams of the end user, as well as, all of its surrounding neighbors to benefit of the county, the community, and the environment.

Our greatest hope would be to have the county keep this land as a perpetual land bank to be developed for natural use of its assets to benefit of all Beaufort County.

Thank you on behalf of Island West,

Jim Cuff
