# “Hangers” & “Leaners”

# Marine Debris

- Boats, Docks, other debris obstructing the navigable waters
- The County is questioning if this is the responsibility of the County, SC-DNR, SC-DHEC/OCRM, SC-EMD, or USACE
  - Both SC-EMD and FEMA are working with the County for answers
  - SC-SND is willing to assist in locating boat owners
- Efforts are ongoing to identify and inventory the debris. Cost to remove is unknown at this time
- SC-DNR did hazard removal in the navigable channels in the first days after the storm

# MS4 Infrastructure Debris

- Fallen trees, woody debris washed into and blocking ditches and pipes within County maintained easements
- Identification and Inventory is ongoing
- Pursuing USDA funding prior to submittal to FEMA as part of Public Assistance
- Cost to remove is unknown at this time
- Follows same time frame as other debris

# Convenience Centers

- All centers are open and will accept all types of solid waste EXCEPT woody / vegetative debris
- Why?
  - FEMA reimbursement is clear that debris must be documented from its place of origin to its final disposition
  - Debris placed on the curb will get collected at no cost to the owner and will be documented for FEMA reimbursement
  - Debris brought to the Convenience Center WILL NOT be documented and all costs to dispose of the debris WILL NOT be reimbursed by FEMA
  - Limiting debris disposal at the Centers reduces the cost to the County and community

# FEMA reimbursement Program

- The County is participating in a newer debris program by FEMA
- Increases percentage of reimbursement during the first 90 days (85% first 30 days, 80% next 60 days, then 75% up to 180 days)
- Approval of our debris plan has been pending since April 2016. Once approved, it increases reimbursement by 2%

# Damage Assessment

- As of November 10, 2016
- Countywide assessment is complete
- 3,913 parcels with damage
  - 101 with damaged structures >50%
- Estimated cost \$34,108,749
  - Does not include ToHHI's 19,688 parcels inspected
- County Building Inspection has issued 137 emergency related permits (105 building, 32 electrical)

# Human Services Alliance continued work

- HSA, PALS, and United Way working to coordinate and sponsor a donation drive for food
  - Look for advertisements in the coming days
- Volunteer groups and those offering services for free or discounted fees should also call HSA to register their resources to fulfill needs

# County Operations

- The following departments and agencies with recovery functions have reported “normal operations”
- Animal Services
- Mortuary Services
- Schools
- EMS
- PALS (although they continue to assist HSA)
- Utilities

# Public Information

- Website has the most current staff reports and data

[www.beaufortcountydisasterrecovery.net](http://www.beaufortcountydisasterrecovery.net)

- Staff continue to update WebEOC, an internal program, on status, activity, needs, and damages. This will serve as documentation to FEMA for the storm event
