January 19, 2022

To the Chairman, Members of Beaufort County Council, And Citizens of Beaufort County Beaufort, South Carolina

Presented herein is the Annual Comprehensive Financial Report of Beaufort County, South Carolina (the "County") for the fiscal year ended June 30, 2021. This report has been prepared by the County's Finance Department, and the responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the County as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs are included.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Mauldin & Jenkins LLC, a firm of licensed certified public accountants, has issued an unmodified ("clean") opinion on the County's financial statements for the year ended June 30, 2021. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis ("MD&A") immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF LOCAL GOVERNMENT

Beaufort County, which was founded in 1769, operates under the Council/Administrator form of government with Council members elected for four-year terms from each of the eleven single-member districts. This report includes all funds of Beaufort County that are controlled by this governing body, and are considered to be the "reporting entity" known as Beaufort County. The services provided by this reporting entity, and therefore reflected in this financial report, include, but are not limited to: General Government (general administrative services, tax assessment and collection, courts and criminal justice administration, economic development); Public Safety (law enforcement, detention center, emergency medical services, emergency management, building codes enforcement, animal services); Public Works (facilities and grounds maintenance, roads and drainage, engineering, solid waste); Public Health (mosquito control, alcohol and drug abuse programs, disabilities and special needs programs, various subsidies); Public Welfare (veterans services, social services, various subsidies); and Cultural and Recreation (library, parks and recreational services, education subsidies).

In light of GASB Statement 61, *The Financial Reporting Entity*, the County has excluded the school district, the various public service districts, the fire districts, and the municipalities located within its boundaries as County Council does not exercise oversight responsibility, and accordingly each entity has sufficient discretion in the management of its own affairs. The County Treasurer does collect property taxes and other forms of revenue on behalf of these other political entities. The results of the fiduciary responsibility are reported on the combined financial statements as Custodial Funds.

LOCAL ECONOMY

Beaufort County is located in the southeastern corner of the State of South Carolina, known as the "Lowcountry." With a total area of approximately 923 square miles, of which approximately 576 square miles or 62% is land and approximately 347 square miles or 38% is water, it is bordered to the south and east by the Atlantic Ocean, to the west by Jasper County, and to the north by Hampton and Colleton Counties. Beaufort County stretches nearly 30 miles along the Atlantic Ocean and includes 64 major islands and hundreds of small islands.

The County is one of the fastest growing areas in South Carolina, with an estimated population of 187,117 in 2020, up from 162,233 in 2011 and 89,273 in 1991. The County is a center for tourism, retirement and the associated services, and the military in South Carolina. The County has a balanced and very stable economy, created by a diversity of public and private employers, with the unemployment rate well below the statewide average and that of the neighboring counties. The local tax base has grown an average of approximately 2% per year over the last five years (discounting the reassessment years).

In addition to the established resort community of Hilton Head Island, there are several major developments established in southern Beaufort County. These developments include Sun City Hilton Head, with more than 15,000 residents expected at build-out; Spring Island, Callawassie Island, Colleton River Plantation, Belfair, Berkeley Hall, Palmetto Bluff and Westbury Park. As expected, these developments have sparked an increase in commercial construction along the Highway 278 corridor, including a Home Depot, a Lowe's, an expanded Factory Outlet Mall, a Dick's Sporting Goods store, a Target department store, Sam's Club Wholesale store, Wal-mart and several major supermarkets. Likewise, in northern Beaufort County, communities continue to develop at Dataw Island, Lady's Island, Cat Island, Brays Island, and Habersham and throughout the City of Beaufort, as well as the Town of Port Royal.

Beaufort County is also the location for three major military installations, the U.S. Marine Corps Recruit Depot located at Parris Island, the Marine Corps Air Station-Beaufort, and the Beaufort Naval Hospital. These locations have benefited by the Department of Defense closing certain other military bases in the nation.

MAJOR INITIATIVES

Our number one goal is to make sure that Beaufort County remains financially sound and that we maintain a respectable contingency account to take care of the true emergencies that do arise from time to time; and to provide for a sufficient fund balance to enable our cash flow to carry us through those months prior to the billing and collection of property tax revenues. We have taken a systematic, businesslike approach to the running of Beaufort County. Additionally, we want to preserve our current "Aa1" Moody's and "AA+" Standard & Poor's bond ratings.

In December 2018, the County formally adopted written financial policy guidelines. This document provides policies and guidance for the County's operating budget, capital improvement projects ("CIP") budget, financial reserves including the general fund and debt service fund and a cash management and investment policy.

In December 1997, the County adopted a Comprehensive Plan for Beaufort County. A portion of this plan is a comprehensive land use study which proposes various "preservation areas and greenways". As a result, the County taxpayers approved five bond referendums totaling \$160,000,000 for the purchase of rural and critical lands. The County has issued the entire \$160 million of General Obligation bonds approved by the referendums. The County had expenditures of \$1,796,954 for this initiative during fiscal year 2021. The Comprehensive Plan was adopted again on November 15, 2021.

In November 2006, County voters approved a 1% sales tax referendum, with the proceeds, along with County road impact fees, funding various major road projects throughout Beaufort County. This 1% sales tax ended in 2013. These projects include the expansion of the Bluffton Parkway, Boundary Street improvements and the widening of South Carolina Highway 170. In addition to the sales tax and impact fee revenue, the County has obtained partial grant funding for these projects as well. The County had expenditures of \$78,791 for these projects during fiscal year 2021.

In November 2018, County voters approved a 1% sales tax referendum that became effective in May 2019 and will be in place for four years, or until a total of \$120 million in resulting revenue has been collected. This revenue will fund the repair and/or replacement of the Hilton Head Island bridge, roadway traffic improvements between the Woods Memorial Bridge and the Chowan Creek Bridge as outlined in the Lady's Island Corridor Study dated May 19, 2017, and install and repair sidewalks and multi-use pathways at multiple locations within Beaufort County to provide safe walking routes to schools and improved access to residential communities. The County collected a total of \$100,365,137 in sales tax from the referendum. The related expenditures for these projects in 2021 were \$1,548,673. Due to strong collections since inception, the County anticipates full collection and thus, early retirement of this tax by December 31, 2021.

LONG-TERM FINANCIAL PLANNING

In November 2014, the County issued \$19,450,000 of general obligation bonds bearing interest rates of 2.0% to 3.25% and with varying maturity dates through 2034. The proceeds of these bonds are currently being used for various planned facility upgrades including roof replacements, HVAC replacement, technology upgrades, a new Animal Services Facility that is centrally located within the County, as well as Hilton Head Island Airport Projects. The County had expenditures of \$20,000 for these projects during fiscal year 2021.

In March 2016, the County issued \$17,950,000 of general obligation advance refunding bonds bearing interest rates of 2.0% to 4.0% and with varying maturity dates through 2027. The bond proceeds were used to advance refund \$18,375,000 of outstanding 2007A general obligation bonds which had interest rates ranging from 4.0% to 4.75%.

In 2017, the County issued \$51,000,000 of general obligation bonds bearing interest rates of 3.13% to 5% and with varying maturity dates through 2037. \$31 million of the proceeds of these bonds will be used for various County and Stormwater Utility capital projects and \$20 million of the proceeds of these bonds will be used for the County's rural and critical land projects, as approved by referendum in November 2014. During fiscal year 2021, the County had expenditures of \$5,514,090 related to the capital projects funded by these bonds.

In 2019, the County issued \$11.25 million of general obligation bonds bearing interest rates of 2.75% to 5% and with varying maturity dates through 2039. The proceeds of these bonds will be used to replace and repair critical County facilities at the main administration building in Beaufort, South Carolina, security upgrades to the County's detention center, and improve information technology infrastructure. During fiscal year 2021, the County had expenditures of \$2,775,850 related to the capital projects funded by these bonds.

In August of 2020 the County issued \$36,775 million of general obligation bonds bearing interest rates of 1% to 5% and with various maturity rates through 2040. \$25 million of these bonds will be used to purchase real property in the County's Rural and Critical Land Program. The remaining \$11,775 million will be used to improve information technology infrastructure, construction of the Arthur Horne Building, purchase of a material recovery facility (MuRF), and renovations to the detention center. During fiscal year 2021, the County had expenditures of \$3,653,413 related to the capital projects funded by these bonds.

In May of 2021, the County transferred \$5,462,298 from the General Fund - Fund Balance to the Debt Service fund to defease the general obligation bond issued in 2012. The prepayment eliminated future interest payments of approximately \$3.63 million.

In June of 2021, the County refinanced the general obligation bond issued in 2011. The refinancing will result in a gross savings of \$1.35 million.

During fiscal year 2021, the County hired a consultant to conduct a facilities master plan for the major County facilities that house various administrative offices. The County is in the process of updating its capital project plan for which future debt will likely be incurred. There were 3 Options: Option 1 probable cost total \$194,984,332, Option 2 probable cost total \$329,581,994, and Option 3 probable cost total \$312,321,441.

In addition, the County is working with an outside firm to update its compensation and classification structure in an effort to recruit and retain highly-quality employees. The results of the compensation and classification study were included in the Fiscal Year 2022 operating budget.

RELEVANT FINANCIAL INFORMATION

The management of Beaufort County is responsible for developing and maintaining an internal control structure designed to ensure that the assets of the County are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The County's accounting system has given consideration to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. This concept of reasonable assurance recognizes that the cost of control should not exceed the benefits likely to be derived and that the evaluation of costs and benefits requires estimates and judgments by management. Accordingly, management believes that the County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada ("GFOA") is in the process of reviewing the Certificate of Achievement for Excellence in Financial Reporting to Beaufort County, South Carolina for its annual comprehensive financial report for the fiscal year ended June 30, 2020.

A Certificate of Achievement is valid for a period of one year only. We believe our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

State statues require an annual audit by independent certified public accountants or independent public accountants. The accounting firm of Mauldin & Jenkins LLC was selected and approved by County Council. In addition to meeting the requirements set forth in the statutes, the audit also was designed to meet the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). The auditor's report on the financial statements is included in the financial section of this report. The auditor's reports, pertinent to the requirements of the Uniform Guidance, are included in the Single Audit Section.

The preparation of this Annual Comprehensive Financial Report could not have been accomplished without the professional and dedicated services of the entire staff of the Finance Department throughout the fiscal year. We sincerely appreciate the efforts of other department heads and their employees who contributed to this report.

Additionally, we would like to express our appreciation to the County Council, County Administrator, Deputy County Administrator and the County legal staff for their continued support and understanding of the benefits of professional financial operations and reporting.

Respectfully submitted,

Raymond "Hayes" Williams, CPA

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of **Beaufort County**, **South Carolina** (the "County"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Beaufort County, South Carolina's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 14, the County implemented Governmental Accounting Standards Board ("GASB") Statement No. 84, *Fiduciary Activities*, as of July 1, 2020. This standard significantly changed the accounting for the County's Fiduciary Funds. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 4 – 19), the Schedule of Modified Approach for Airport Infrastructure Assets (on page 82), the Schedule of County's Proportionate Share of the Net Pension Liability (on page 80), the Schedule of County's Pension Contributions (on page 81), and the Budgetary Comparison Schedules of the General Fund (on pages 76 – 78) and ARPA Fund (on page 79) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, the combining and individual fund financial statements and schedules, the statistical section, the Alcohol and Drug Abuse Programs Profit and Loss Statement, and the Daufuskie Ferry Schedule of Budgeted to Actual as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Uniform Schedule of Court Fines, Assessments, and Surcharges (per ACT 96) is presented for purposes of additional analysis as required by the State of South Carolina, and is not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the Uniform Guidance), and is also not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, the Alcohol and Drug Abuse Programs Profit and Loss Statement, the Daufuskie Ferry Schedule of Budgeted to Actual, the Uniform Schedule of Court Fines, Assessments, and Surcharges (per ACT 96), and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, the Alcohol and Drug Abuse Programs Profit and Loss Statement, the Daufuskie Ferry Schedule of Budgeted to Actual, the Uniform Schedule of Court Fines, Assessments, and Surcharges (per ACT 96), and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 19, 2022, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Savannah, Georgia January 19, 2022

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2021

As management of Beaufort County, South Carolina (the "County"), we offer the readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2021. We encourage the readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages v – ix of this report.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at June 30, 2021 by \$571,610,328 (net position). The County's net position is categorized in three categories. Of the total net position, \$408,309,330 is the County's investment in capital assets less the related debt, \$260,399,114 is restricted for specific purposes and (\$97,098,116) is the County's unrestricted deficit.
- The government's total net position increased by \$93,278,980 during the fiscal year ended June 30, 2021 with an \$87,544,918 increase resulting from governmental activities and a \$5,734,062 increase resulting from business type activities.
- At the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$332,067,469, an increase of \$102,229,251 in comparison with the prior year. Approximately 19.82%, \$65,802,045 is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, the County's unassigned fund balance of the general fund was \$65,808,134, or approximately 52.78% of the general fund expenditures and transfers out.
- The County's net capital assets increased by \$8,038,540 during the current fiscal year. The increase in
 governmental activities net capital assets of \$4,613,381 was the result of significant building improvements,
 road improvements, and real property acquisition as part of the County's land preservation program. The
 increase in business type activities net capital assets of \$3,425,159 was primarily due to land acquisition at
 the Hilton Head Island Airport.

OVERVIEW OF THE FINANCIAL STATEMENTS

This Management's Discussion and Analysis ("MD&A") is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements – The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the County's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, public works, public health, public welfare, and cultural and recreation. The business-type activities include the Stormwater Utility, the Lady's Island Airport, and the Hilton Head Island Airport. The business-type activities function for all practical purposes as departments of the County and, therefore, have been included as integral parts of the primary government.

The government-wide financial statements can be found on pages 20 – 22 of this report.

Fund financial statements – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, the County-wide general obligation bonds fund, and the sales tax projects fund, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* following the notes to the financial statements in this report.

The County adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic fund financial statements for governmental funds can be found on pages 23 – 26 of this report.

Proprietary funds – The County maintains four different types of proprietary funds, three of which are enterprise funds. Enterprise funds are used to report the same functions as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its Stormwater Utility, Lady's Island Airport and Hilton Head Island Airport operations. These funds report the services provided by the County for which the County charges a user fee or charge intended to recover all or a significant portion of their costs.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for Stormwater Utility, Lady's Island Airport, and the Hilton Head Island Airport, all of which are considered to be major funds of the County.

Internal service funds are an accounting mechanism to accumulate and allocate costs internally for the County. The County uses internal service funds to account for its garage.

The basic proprietary fund financial statements can be found on pages 27 - 30 of this report.

Fiduciary funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for the fiduciary funds is much like that used for proprietary funds.

The statement of fiduciary net position can be found on page 31 of this report.

Notes to financial statements – The notes provide additional information that is essential to a full understanding of the data provided in both the government-wide and the fund financial statements. The notes are presented on pages 33 - 75 of the report.

Other supplemental information – In addition to the basic financial statements and accompanying notes, this report also presents certain supplemental information that further supports the financial statements.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented within this section of this report and can be found on pages 85 – 171.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$571,610,328 as of June 30, 2021.

Of this amount, \$408,309,330 (approximately 71.43%) reflects the County's investment in capital assets (land, buildings and equipment); less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide a variety of services to citizens. Accordingly, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to repay the debt.

An additional \$260,399,114 of the County's net position (approximately 45.60%) represents resources that are subject to external restrictions on how they may be used. Therefore, at the end of the current fiscal year, the County is able to report positive balances in two categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

The third category and remaining balance of net position is an unrestricted deficit of \$97,098,116 of which \$94,504,653 pertains to governmental activities and \$2,593,463 pertains to business-type activities. The unrestricted deficit in net position for governmental activities decreased in the current fiscal year while the unrestricted deficit in net position for business-type activities increased. Part of this increase is a result of the increased pension liability reported in fiscal year 2021. The pension liability is required to be measured and recognized in accordance with standards established by Governmental Accounting Standards Board ("GASB") Statement No. 68 and No. 71.

The County's total net position increased \$93.28 million during the 2021 fiscal year. Key elements of this increase are as follows:

- The County's current and other assets increased by \$126.68 million as compared to fiscal year 2020. This increase is mainly due to an increase in the County's cash, investments and receivables. The County received proceeds of the 1% sales tax approved by referendum in November 2018 or repair and replacement of major roadways and bridges as well as traffic improvements, sidewalks and pathways. During fiscal year 2021, the County received nearly \$55.88 million in this particular sales tax. During 2021 the County received \$18.6 million in American Rescue Plan Act funding which will be used to make strategic investments in long lived asset, rebuild reserves to enhance financial stability, and cover temporary operating shortfalls.
- The County's net capital assets increased by \$8.03 million as compared to fiscal year 2020. This increase occurred mostly from building improvements, completion of significant road projects, and real property acquisition as part of the County's land preservation program. See the capital assets and debt administration section below for more detail.

The County's long-term liabilities increased by \$25.3 million. General obligation bonds were issued in 2021 totaling \$36.8 million, consisting of \$25.0 million for the Rural and Critical Land Program and \$11.8 for various projects in the County. The County defeased the 2012 E General Obligation Bond by transferring \$5.5 million from the General Fund. The County also refunded the 2011 General Obligation Bond of \$8.9 million.

• In fiscal year 2021, the County had \$28.7 million of deferred outflows of resources related to the inclusion of the County's proportionate share of its pension liability in accordance with GASB Statement No. 68 and No. 71. This is a \$7.0 million increase as compared to fiscal year 2020.

Governmental activities increased the County's net position by \$87.54 million, thereby accounting for 93.85% of the total increase in the net position of the County. Key elements in fiscal year 2021's activity are as follows:

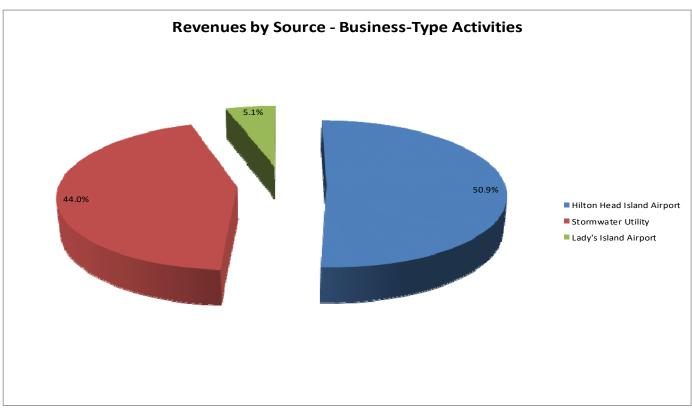

• Charges for services increased by \$5.2 million, or 11.97%, in fiscal year 2021 as compared to fiscal year 2020. The increase in charges for services is due to increased recording fees. The increased recording fees are directly related to the growth of the economy in the County.

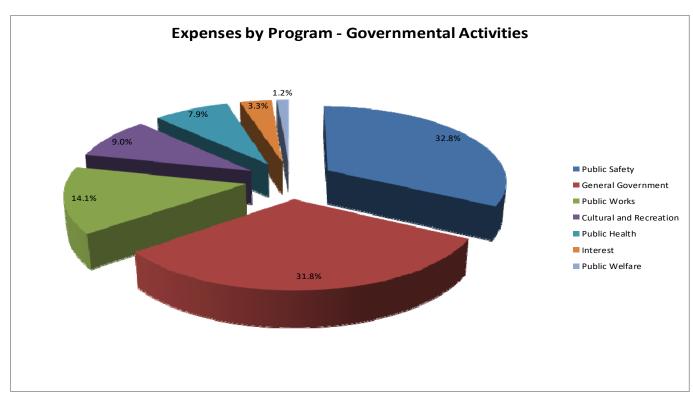

- Property tax revenues increased by \$3.7 million, or 2.78%, in fiscal year 2021 as compared to fiscal year 2020.
- During fiscal year 2021, the County received approximately \$55.8 million in sales tax revenues as a result of a referendum in November 2018 for which collections began in May 2019 for road, bridges and infrastructure repairs and replacements.

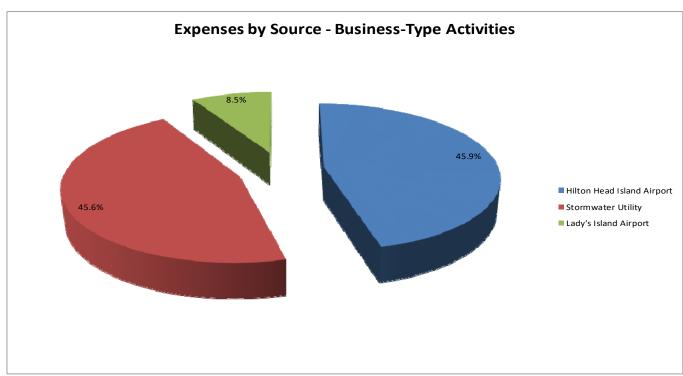

Business-type activities increased the County's net position by nearly \$5.7 million, accounting for 6.15% of the total growth in the net position of the County. Key elements of this increase are as follows:

- Charges for services increased \$597 thousand, or 10.42%, in fiscal year 2021. This was primarily due to the
 increased revenue (\$517 thousand more in fiscal year 2021 than in fiscal year 2020) at the Hilton Head
 Airport.
- Additionally, both airports saw an increase in expenses during the fiscal year; the Lady's Island Airport's
 expenses increased in fiscal year 2021 by \$263 thousand as compared to fiscal year 2020; Hilton Head
 Airport's expenses increased \$1.44 million. These increases in expenses were due to airport improvement
 projects at the airports in the prior year that gave rise to increased expenses in that year.

FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds – The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$332,067,469, an increase of \$102,229,251, in comparison with the prior year. Approximately 19.82% of this total fund balance, \$65,802,045 constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of the fund balance totaling \$266,265,424 is either nonspendable, restricted, committed, or assigned for specific spending. This includes \$2,100,954 "not in spendable form" for items that are not expected to be converted to cash within one year, such as prepaid items. The remainder includes \$264,164,470 restricted, committed, or assigned for programs.

General Fund – The general fund is the main operating fund of the County. As of the fiscal year ended June 30, 2021, the unassigned portion of the fund balance of the general fund was \$65,808,134, while the total fund balance was \$71,674,444. As a measure of the general fund's liquidity, a comparison is made of both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents approximately 56.05% of total general fund expenditures and transfers out, while the total fund balance represents approximately 61.04% of total general fund expenditures and transfers out. Refer to pages 23 – 25 for the key elements of fiscal year 2021's general fund activity. The increased fund balance as of June 30, 2021 is due to increased revenues from taxes, charges for services and miscellaneous sources above and beyond the budgeted amounts as well as decreased expenditures in general government, public works and capital outlays below the budgeted amounts.

ARPA Fund – Beaufort County received \$18,665,425 for the American Rescue Plan Act. At the end of 2021, no funds had been expended. 100% of the cash is recognized as deferred revenue until the expenditures are made.

County-wide General Obligation Bonds Fund – At the end of the current fiscal year, the total fund balance of the County-wide general obligation bonds fund was \$21,177,387. The County-wide general obligation bonds fund balance is restricted for debt service. This fund recognized revenues of \$11,593,711 and total expenditures of \$19,582,236 for a decrease in fund balance of \$303,465. While the County typically collects enough revenue through a combination of taxes, intergovernmental revenue and interest earnings to fully service the debt, sufficient revenue was not collected in fiscal year 2021 partially due to the decrease in interest rates and thus, interest earned, but also because the County realized sufficient fund balance in the prior year to service the debt during fiscal year 2021.

Sales Tax Project Fund – At the end of the current fiscal year, the total fund balance of the sales tax project fund was \$99,638,927 almost all of which was restricted for capital improvements as set forth in the County's adopted capital improvements plan. The sales tax project fund recognized revenues of \$55,797,558, total expenditures of \$1,627,460 for a change in fund balance of \$54,170,098.

Further details of the County's major funds and nonmajor funds can be found in the notes to financial statements.

Proprietary funds – The focus of the County's proprietary funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County proprietary funds' financing requirements. As restrictions, commitments, and other limitations on net position significantly affect the availability of fund resources for future use, unreserved net position may serve as a useful measure of a government's proprietary net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's proprietary funds reported combined ending net position of \$40,220,458, which is an increase of \$5,734,062 in comparison with the prior year. The proprietary funds recognized operating revenues of \$11,787,639 and operating expenses of \$9,268,418. Non-operating revenues and expenses totaled (\$21,831), while capital contributions totaled \$3,236,672 in fiscal year 2021, for a change in net position of \$5,734,062.

Stormwater Utility – At the end of the current fiscal year, the net position of the Stormwater Utility fund was \$12,155,521, of which \$2,912,602 was invested in capital assets, net of related debt, leaving a balance of \$9,242,919 in unrestricted net position. The Stormwater Utility Fund recognized operating revenues of \$6,593,342, total operating expenses of \$4,176,511, and (\$138,033) in net non-operating revenues for an increase in net position of \$2,364,985. The increase in net position within the Stormwater Utility Fund for the fiscal year ended June 30, 2021, was related to increased operating revenues that outpaced the rate of expenditure; few expenses for capital outlay were made. The county is working toward a comprehensive capital replacement plan under which expenses for capital outlay will be made in future fiscal years.

Beaufort Executive Airport – At the end of the current fiscal year, the net position of the Lady's Island Airport fund was \$2,586,074, of which \$4,254,080 was invested in capital assets, net of related debt, leaving a deficit balance of \$1,668,006 in unrestricted net position. The Beaufort Executive Airport recognized operating revenues of \$751,296, total operating expenses of \$776,141, and \$(35,259) in net non-operating expenses for a decrease in net position of \$30,104. The decrease in the Beaufort Executive Airport fund balance in the 2021 fiscal year was the result of decreased operating revenues and a lack of capital grants.

Hilton Head Island Airport – At the end of the current fiscal year, the net position of the Hilton Head Island Airport fund was \$25,478,863, of which \$35,647,239 was invested in capital assets, net of related debt, leaving a deficit balance of \$10,168,376 in unrestricted net position. The Hilton Head Island Airport recognized operating revenues of \$4,443,001, total operating expenses of \$4,315,766, \$151,461 in net non-operating expenses, and \$3,120,485 in capital contributions for an increase in net position of \$3,399,181. The increase in net position within the Hilton Head Island Airport fund in the 2021 fiscal year was related to increased capital contributions as well as operating revenues which is attributable to the previous expansion completed at the end of fiscal year 2018 that is slowly attracting more business to this airport.

Fund balance - ending	\$	52,228,809	\$ 71,674,444	\$	19,445,635

The actual net position of the County's general fund varied from its final budget's net position by \$25.3 million. Key elements of this are as follows:

- The County's general fund actual revenues had a positive variance of \$12.24 million as compared to the final budget of fiscal year 2021. This positive variance is attributable to increased actual revenue as compared to expected revenue related to Property Taxes, Charges for Services, and Miscellaneous Revenues.
- The County's general fund actual expenditures had a positive variance of \$13.0 million as compared to the final budget of fiscal year 2021. This positive variance is directly related to decreased expenditures in the General Government, Public Works and Culture and Recreation functions.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets – The County's investment in capital assets for its governmental and business-type activities as of June 30, 2021 was \$581,533,993 (net of accumulated depreciation). This investment in capital assets includes land and easements, buildings and improvements, infrastructure, and equipment. The total increase in the County's investment in capital assets for the current fiscal year was 1.38%.

In lieu of annual depreciation, the County has elected to use the modified approach for its airport infrastructure assets, which include runways, taxiways, and aprons. As of June 30, 2021, 100% of airport runways in fair or better condition, 50% of taxiways in fair or better condition, 43% of Aprons in fair or better condition.

Additional information on the County's modified approach for airport infrastructure assets can be found on Schedule 1 on page 82 of this report.

Major capital asset events during the current fiscal year included the following:

• An additional \$1.3 million of land purchased for the Hilton Head Island Airport.

Additional information on the County's capital assets can be found in Note 4 on pages 51 – 53 of this report.

Long-Term Debt – At the end of the current fiscal year, the County had \$363,714,787 of total long-term obligations outstanding. The total amount of general obligation debt is backed by the full faith and credit of the government.

Beaufort County's Outstanding Debt June 30, 2021 and 2020

	Governmental Activities			
	2021	2020		
General Obligation Bonds	\$ 205,794,853	\$ 197,277,817		
Net Pension Liability	141,587,040	125,657,105		
Compensated Absences	3,912,128	4,504,195		
Premiums	12,420,766	9,735,210		
Total Outstanding Debt	<u>\$ 363,714,787</u>	\$ 337,174,327		
Deferred Charge on Refundings	\$ 2,088,863	\$ 2,613,164		

Major outstanding debt events during the current fiscal year included the following:

• The County's pension liability increased by \$15.92 million as compared to fiscal year 2020.

The County maintains an underlying, uninsured "AA+" bond rating from Standard & Poor's Rating Group for all of its general obligation bonds, an underlying, uninsured "Aa1" bond rating from Moody's Investors Service for all of its general obligation bonds.

State statutes limit the amount of general obligation debt a governmental entity may issue to 8% of its total assessed valuation less debt issued by referendum and debt issued and paid by other sources. The current debt limitation for the County is \$180,421,931. The County was \$105,016,675 under this legal limit at June 30, 2021.

Additional information on the County's long-term debt can be found in Note 5 on pages 53 – 58 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The unemployment rate for the County was 3.6% at June 30, 2021, which is lower than the rate of 7.4% a year ago. This compares favorably with the State of South Carolina's average unemployment rate of 4.5% at June 30, 2021, and with the national average unemployment rate of 5.9% at June 30, 2021.
- The cost of living in this region still compares favorably to other areas of the country.

All of these factors were considered in preparing the County's budget for the 2022 fiscal year. As of June 30, 2021, the County's unassigned general fund balance was \$65,808,134. During fiscal year 2021, there was an increase to the County's general fund balance in the amount of \$17,857,147.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Beaufort County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, Post Office Box 1228, Beaufort, South Carolina 29901-1228.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION JUNE 30, 2021

Total governmental fund balances:		\$ 332,067,469
Amounts reported for governmental activities in the statement of net position are different because of the following:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the government funds.		538,696,478
Other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds:		
Property taxes and other special assessments \$ Deferred charge on refunding	1,486,157 2,088,863	3,575,020
Deferred outflows of resources are not due and payable in the current period and, therefore, are not reported in the funds. These deferred outflows of resources consist of pension related experience differences, assumption changes, and differences between projected and actual earnings on plan investments:		
Deferred outflows related to pensions		25,625,662
Long-term liabilities, including bonds payable and accrued interest, are not due and payable in the current period and, therefore, are not reported in the funds:		
General obligation bonds \$ Bond premiums Compensated absences Accrued interest Net pension liability \$	(205,794,853) (12,420,766) (3,912,128) (2,422,868) (141,587,040)	(366,137,655)
The internal service fund is used by management to charge the cost of the garage to individual		
funds. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position.		(8,871)
Deferred inflows of resources are not available to pay for current period expenditures and, therefore, are not reported in the funds. These deferred inflows of resources consist of pension related differences between projected and actual earnings on plan investments.		
Deferred inflows related to pensions		 (2,428,233)
Net position of governmental activities		\$ 531,389,870

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2021

Amounts reported for governmental activities in the statement of activities are different because: Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Capital outlay Depreciation expense Capital outlay Depreciation expense The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position. Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds: Property taxes and other special assessments The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The effects of these items are as follows: Repayment of the principal of long-term debt (47,784,021) Amortization of premium on long-term debt Amortization of deferred charge on refunding Some expenses reported in the statement of activities do not require the use of current	Net change in fund balances - total governmental funds		\$	102,229,251
of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Beaufort County, South Carolina (the "County") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

Reporting Entity

The County operates under the Council/Administrator form of government with Council members elected for four-year terms from each of the eleven single-member districts. This report includes all funds of the County that are controlled by this governing body, and are considered to be the "reporting entity" known as Beaufort County.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. For the most part, the effect of interfund activity has been removed from the statements. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The Statement of Net Position presents the financial condition of the governmental and business-type activities for the County at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Financial Statements

During the year, the County segregates transactions related to certain county functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The government reports the following major governmental funds:

- The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The ARPA Fund accounts for grant funds awarded to the County from the U.S. Department
 of Treasury as part of the State and Local Fiscal Recovery Fund under the American Rescue
 Plan.
- The **County Wide General Obligation Bonds Fund** accounts for the debt service of the bonds issued for various capital projects throughout the County.
- The Sales Tax Projects Fund accounts for the expenditures of the 1% local sales tax referendum (2006) proceeds which are used for various capital projects throughout the County.

The County reports the following enterprise funds as major proprietary funds:

- The Stormwater Utility Fund is used to account for all revenue and expenses related to the County's Stormwater Utility operations.
- The Beaufort Executive Airport Fund is used to account for all revenue and expenses related to the County's Beaufort Executive Airport.
- The Hilton Head Island Airport Fund is used to account for all revenue and expenses related to the County's Hilton Head Island Airport.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The County's proprietary funds also include an Internal Service Fund to account for the financing of goods and services provided by one department or agency to other departments or agencies of the County or to other governments, on a user charge basis. This fund includes the County Garage, which accounts for the maintenance and repair of vehicles.

Additionally, the government reports the following non-major fund types:

Special Revenue Funds

 The special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, or major capital projects) that are legally restricted or committed to expenditures for specified purposes other than debt service and capital projects.

Debt Service Funds

 Debt service funds are used to account for the accumulation of restricted resources for, and the payment of, general long-term debt principal and interest.

Capital Projects Funds

• Capital projects funds are used to account for financial restricted resources to be used for the acquisition or construction of major capital facilities.

Custodial Funds

 The custodial funds account for monies held on behalf of school districts, special districts, and other agencies that use the County as a depository or property taxes are collected on behalf of the other governments.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's garage function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amount reported as program revenues include: 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Net Position

Net position represents the difference between assets, liabilities and deferred inflows/outflows of resources. Net position invested in net capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restriction imposed by creditors, grantors, laws, or regulations of other governments. Net position invested in net capital assets was as follows:

	Governmental	Business Type
Net Capital Assets	\$ 538,720,072	\$ 42,813,921
Less: Current Portion of Long-Term Debt	(19,260,000)	-
Long-Term Obligations	(198,955,619)	=
Unspent Bond Proceeds	42,902,093	=
Add Deferred Charge on Refundings	2,088,863	<u> </u>
	\$ 365,495,409	\$ 42,813,921

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has five items that qualify for reporting in this category. These five items relate to the County's pension plan and are reported in the government-wide and proprietary fund Statements of Net Position. (1) Experience gains result from periodic studies by the County's actuary, which adjust the net pension liability for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of plan members. These experience gains are recorded as deferred outflows of resources and are amortized into pension expense over the expected remaining service lives of the plan members. (2) Changes in actuarial assumptions adjust the net pension liabilities and are amortized into pension expense over the expected remaining service lives of plan members. (3) The differences between projected investment return on pension investments and actual return on those investments are deferred and amortized against pension expense over a five-year period. (4) The changes in the County's proportionate share of the collective net pension liability and differences between actual employer contributions and proportionate share of the total plan employer contributions are specific to costsharing multiple employer defined benefit pension plans and represent the current period amortized portions of these deferred outflows. (5) Any contributions made by the County to the pension plan before year-end but subsequent to the measurement date of the County's net pension liability are reported as deferred outflows of resources.

In addition to liabilities, the Statement of Net Position and the Governmental Funds Balance Sheet reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has three types of items that qualify for reporting in this category, one of which arises only under the modified accrual basis of accounting. Accordingly, the item, unavailable revenue, is reported only in the Governmental Funds Balance Sheet. The governmental funds report unavailable revenues from: 1) property taxes, and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. The other items relate to the County's pension and are reported in the government-wide and proprietary fund Statements of Net Position; 2) certain experience losses (discussed in the previous paragraph) are deferred and amortized against expense over a five-year period, resulting in recognition as deferred inflows of resources; and 3) additionally, the changes in the County's proportionate share of the collective net pension liability and differences between actual employer contributions and proportionate share of the total plan employer contributions (discussed in the previous paragraph) are specific to cost-sharing multiple employer defined benefit pension plans and represent the current period amortized portions of these deferred inflows.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Position Flow Assumption

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Cash and Cash Equivalents

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Equity in Pooled Cash and Investments

The County maintains a pooled cash and investment account for all funds for accounting and investment purposes. This gives the County the ability to invest idle cash for short periods of time and to earn the most favorable available rate of return. The "equity in pooled cash and investments" represents the amount of pooled cash and investments owned by each fund of the County. Certain individual funds may reflect a cash deficit, from time to time. These cash deficits are not considered an equity transfer since the transfer has not been approved by County Council and is considered to be temporary in nature.

Investments

Investments with a readily determined fair value are stated at fair value, which approximates cost. State statutes authorize the County to invest in obligations of the United States and its agencies, general obligations (not revenue obligations) of the State of South Carolina and its political subdivisions, savings and loan associations to the extent of federal insurance, certificates of deposits collaterally secured, and the State Treasurer's Investment Pool ("LGIP"). The LGIP is an investment mechanism authorized by the South Carolina State Legislature and is not registered with the SEC as an investment company. There is no regulatory oversight of the pool. The pool's primary objective is to acquire maximum returns on investments by pooling available funds with funds from other political subdivisions. The total fair value of the investment pool is apportioned to the entities with funds invested on an equal basis for each share owned, which are acquired at a cost of \$1. Investments in the pool are stated at fair value, which approximates cost. The remaining investments of the County are reported at fair value.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Receivables

All receivables are reported at their gross value and when appropriate, are reduced by the estimated portion that is uncollectible.

Inventories

Inventories recorded in the Beaufort Executive Airport Fund and the Stormwater Utility Fund consist of fuels and supplies. Supplies are reported at cost, and fuel is reported at the lower of "first in, first out" cost or market.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is calculated on the straight-line basis starting in the month of purchase/completion over the following estimated useful lives:

Buildings25 YearsImprovements25 YearsInfrastructure25 YearsEquipment5 – 10 Years

In lieu of annual depreciation, the County has elected to use the "modified approach" for its infrastructure assets within its Hilton Head Island Airport and its Beaufort Executive Airport, which consists of reporting as required supplemental information ("RSI") the current assessed condition of the assets pursuant to its runway, taxiway, and apron management system and the estimated annual amounts to maintain and preserve such assets along with actual amounts expensed during the period.

Long-Term Obligations

In the government-wide financial statements and proprietary funds financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Long-Term Obligations (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as bond proceeds. Premiums received on debt issuances are reported as interest on investments while discounts and issuance costs are reported as interest and fees expenditures.

Compensated Absences

The County accrues compensated absences and associated employee-related costs when earned by the employee. The General Fund is used to liquidate the liability for non-proprietary fund accrued compensated absences.

Due To and From Other Funds/Internal Balances

Interfund receivables and payables in the fund financial statements and internal balances in the government-wide financial statements arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Revenues

Substantially all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied.

Expenditures

Expenditures are recognized when the related fund liability is incurred.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the County's financial position and results of operations and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets and Budgetary Accounting

The County uses GAAP as the basis for its budgeting and uses the following procedures in establishing the budgetary data reflected in the financial statements:

- The County Administrator submits to County Council, prior to June 1, proposed operating, special revenue, debt service, and capital improvement ("CIP") budgets for the fiscal year commencing July 1. The operating, special revenue, debt service, and CIP budgets include proposed expenditures, revenues, and financing sources.
- 2) The Council requires such changes to be made as it deems necessary, provided the budget remains in balance and is subject to the notice of hearing requirements of Section 4-9-140 of the South Carolina Statutes.
- 3) Public hearings are held pursuant to Section 4-9-140 of the South Carolina Statutes in order for the Council to adopt the tentative and final budget.
- 4) Prior to July 1, the operating, special revenue, debt service and CIP budgets are legally enacted through passage of an ordinance setting forth anticipated revenues and appropriations by fund.
- 5) The County Administrator or his designee is authorized to transfer funds among operating accounts or among capital accounts within a department. All transfers over \$25,000 between departments and programs or between operating and capital accounts must be authorized by the Council in accordance with Section 4-9-140 of the South Carolina Statutes. In accordance with County Ordinance 2012/07, Section 10, amounts of \$25,000 or less can be approved by the County Administrator and/or his designee. Any transfer in excess of \$25,000 for individual expenditures or in excess of \$50,000 cumulatively during any fiscal year is to be authorized by County Council, or its designee.
- 6) Formal budgetary integration is employed as a measurement control device for all governmental funds of the County. The legal level of budgetary control (i.e. the level at which expenditures may not legally exceed appropriations) is the department level.
- 7) Budgets for the governmental fund types are adopted on a basis consistent with generally accepted accounting principles. This was consistent across all funds other than the capital projects fund which budgets a project by project basis.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets and Budgetary Accounting (Continued)

- 8) Revenues in excess of the current budget ordinance may be expended as directed by the revenue source or for the purpose for which the funds were generated without further approval by County Council, as per Section 14 of County Ordinance 2006/14.
- 9) Revenues and expenditures of the capital projects fund are budgeted on a project basis and are, therefore, excluded from presentation in the financial statements.

NOTE 2. CASH AND INVESTMENTS

State Statute authorizes the County to invest in: 1) obligations of the United States and agencies thereof; 2) general obligations of the State of South Carolina or any of its political units provided such obligations are rated as an "A" or better by Moody's Investors Service, Inc. and Standard and Poor's Corporation or their respective successors; 3) interest bearing accounts in financial institutions to the extent that same are insured by an agency of the Federal Government; 4) certificates of deposit where the certificates are collaterally secured by securities of the type described above, held by a third-party as escrow agent or custodian, of a market value not less than the amount of the certificates of deposit so secured, including interest, provided, however, such collateral shall not be required to the extent the same are insured by an agency of the Federal Government; or 5) deposit accounts with banking institutions insured and secured in the same manner. The Statutes provide that all authorized investments shall have maturities consistent with the time or times when the invested monies will be needed in cash.

Deposits

Deposits include cash and cash equivalents on deposits in banks and non-negotiable certificates of deposit. All deposits under the control of the County Treasurer are fully insured or collateralized as of June 30, 2021 with securities held by the counterparty's trust department, line of credit, or agent in the County's name.

Investments

The County's certificates of deposit are presented at cost, whereas, the County's remaining investments are presented at fair value. Securities are valued at the last reported sales price as provided by an independent pricing service. Investment income consists of realized and unrealized appreciation (depreciation) in the fair value of investments and interest income earned.

NOTE 2. CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

As of June 30, 2021, the County had the following investments and maturities:

		Investment Maturities					
Investment Type	Fair Value	Less than 1 year	More than 1 year but less than 5 years	More than 5 years			
Certificates	\$ 35,034,116	\$ 35,034,116	\$ -	\$ -			
U.S. Government Agencies							
Securities	109,965,619	6,522,836	98,524,973	4,917,810			
State of S.C. Treasurer's Investment Pool	420,752,614	420,752,614	-	-			
Total Investments held in the							
County's name	\$ 565,752,349	\$462,309,566	\$98,524,973	\$4,917,810			

The County's investments measured and reported at fair value are classified according to the following hierarchy:

- Level 1 Investments reflect prices quoted in active markets.
- Level 2 Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active.
- Level 3 Investments reflect prices based upon unobservable sources.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk. Money market mutual funds classified in Level 1 of the fair value hierarchy are valued directly from a predetermined primary external pricing vendor. Assets classified in Level 2 are subject to pricing by an alternative pricing source due to lack of information available by the primary vendor. The County has no investments classified in Level 3 of the fair value hierarchy.

The South Carolina Local Government Investment Pool ("State of S.C. Treasurer's Investment Pool") investments are invested with the South Carolina State Treasurer's Office, which established the State of S.C. Treasurer's Investment Pool pursuant to Section 6-6-10 of the South Carolina Code. The State of S.C. Treasurer's Investment Pool is an investment trust fund, in which public monies in excess of current needs, which are under the custody of any county treasurer or any governing body of a political subdivision of the State, may be deposited. In accordance with GASB Statement No. 31 *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, investments are carried at fair value determined annually based upon quoted market prices for identical or similar investments. The total fair value of the State of S.C. Treasurer's Investment Pool is apportioned to the entities with funds invested on an equal basis for each share owned, which are acquired at a cost of \$1. Funds may be deposited by State of S.C. Treasurer's Investment Pool participants at any time and may be withdrawn upon 24 hours' notice. Financial Statements for the State of S.C. Treasurer's Investment Pool may be obtained by writing the Office of State Treasurer, Local Government Investment Pool, Post Office Box 11778, Columbia, South Carolina 29211.

NOTE 2. CASH AND INVESTMENTS (CONTINUED)

Custodial Credit Risk

Custodial Credit Risk for investments is the risk that in the event of a failure of the counterparty to a transaction, the County will not be able to recover the value of investments or collateral securities that are in possession of an outside party. The County's policy with respect to custodial credit risk is that all of the County's investments must be insured or collateralized.

Credit Risk

As of June 30, 2021, the County's investments in U.S. Government Agencies Securities are rated Aaa by Moody's Investors. Statutes also allow the State Treasurer to assist local governments in investing funds. The State Treasurer also provides oversight for the State Treasurer's Investment Pool which is unrated, of which; the fair value of the County's investments is the same as the value of the pooled shares. The County's investment in the certificate of deposit is also unrated. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to the County. The County's credit risk policy to mitigate the potential loss of principal is to purchase only high investment grade fixed-income securities. The County's investments are fully collateralized by U.S. Government Securities and are not subject to credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in the interest rates will adversely affect the fair value of an investment. The County's respective maturity dates are as noted on a previous page. The County does not have a policy with respect to interest rate risk.

Concentration of Credit Risk

This is the risk of loss attributable to the magnitude of the County's investment in a single issuer. The County's policy is to minimize the concentration of credit risk by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized, although there is no formal limit on the amount the County may invest in any one issuer.

The County does not invest in foreign securities or have transactions with foreign currency, and as a result does not have a policy for foreign currency risk.

NOTE 3. RECEIVABLES/DUE FROM OTHER GOVERNMENTS/NOTE RECEIVABLE

Receivables

All property taxes receivable are shown net of allowances for uncollectibles. The County considers all taxes to be collectible; therefore, no allowance for uncollectibles has been established.

Note Receivable from the Technical College of the Lowcountry

In November 2006, the County issued \$17,500,000 in General Obligation bonds bearing interest rates of 3.5% to 8.0% and with varying maturities through 2026. The Technical College of the Lowcountry's portion of this bond is \$1,500,000.

The following reflects the future minimum payments receivable at June 30, 2021, under this note receivable:

Fiscal Year Ending June 30,	 Amount		
2022	\$ 102,724		
2023	102,724		
2024	102,724		
2025	102,724		
2026	102,724		
Total Minimum Note Payments	513,620		
Less Amount Representing Interest	 (39,722)		
Present Value of Minimum Note Payments	 473,898		
Less Current Portion	 (89,748)		
Long-Term Portion	\$ 384,150		

Note Receivable from Hilton Head Airport Fund

In September 2007, the County issued a note for \$1,800,000 for the balance owed for the construction of hangars at the Hilton Head Island Airport. The note is payable in quarterly payments of \$24,185, including interest at 2.07% through June 2032.

NOTE 3. RECEIVABLES/DUE FROM OTHER GOVERNMENTS/NOTE RECEIVABLE (CONTINUED)

Note Receivable from Hilton Head Airport Fund (Continued)

Annual requirements to amortize the note receivable from Hilton Head Airport Fund outstanding at June 30, 2021, are as follows:

Fiscal Year Ending June 30,	te Payable to Debt rvice Fund	P	rincipal	I	nterest
2022	\$ 96,740	\$	77,685	\$	19,055
2023	96,740		79,306		17,434
2024	96,740		80,961		15,779
2025	96,740		82,650		14,090
2026	95,740		83,374		12,366
2027 – 2031	483,703		449,021		34,682
2032	97,744		96,505		1,239
Total	\$ 1,064,147	\$	949,502	\$	114,645

In November 2014, the County issued a note for \$2,260,000 for various capital projects at the Hilton Head Island Airport. The Federal Aviation Administration ("FAA") provides grants that are 90% funded. The other 10% of project costs are provided by the South Carolina Aeronautical Commission ("SCAC") and the Hilton Head Island Airport, 5% each. The proceeds from this note are intended to offset the Airport's share of costs for these projects. The note is payable in quarterly payments of \$37,125, including interest at 2.94% through December 2034.

Annual requirements to amortize the note receivable from Hilton Head Airport Fund outstanding at June 30, 2021, are as follows:

Fiscal Year Ending June 30,	te Payable to Debt <u>rvice Fund</u>	P	rincipal	 nterest

Governmental activities						
capital assets, net	\$ 534,106,691	\$ 4,753,914	\$ (140,533)	\$ 538,720,072		

For the capital assets of the governmental activities, depreciation is computed on the straight-line method of depreciation over the estimated useful lives of the assets, which range from five to 25 years. Depreciation expense for the year ended June 30, 2021 was \$23,557,101 and the accumulated depreciation as of June 30, 2021 was \$310,109,104.

Internal service funds predominantly serve the governmental funds. Accordingly, capital assets are included as part of the above totals for governmental activities. At year-end, \$23,594 of internal service fund's capital assets are included in the above amounts.

NOTE 4. CAPITAL ASSETS (CONTINUED)

Business-Type Activities (Continued)

For the capital assets of the business–type activities, depreciation is computed on the straight-line method of depreciation over the estimated useful lives of the assets, which range from five to 25 years. Depreciation expense for the year ended June 30, 2021 was \$789,960 and the accumulated depreciation as of June 30, 2021 was \$16,455,254.

The depreciation expense was allocated as follows:

PROPRIETARY DEPRECIATION EXPENSE

Stormwater Utility	\$ 425,260
Beaufort Executive Airport	52,540
Hilton Head Airport	312,160
Total	\$ 789,960

NOTE 5. LONG-TERM OBLIGATIONS

A schedule of the County's long-term obligations for governmental activities as of June 30, 2021 are as follows:

	Balance			Balance	Due in
	June 30, 2020	Additions	Retirements	June 30, 2021	One Year
General Obligation Bonds	\$ 197,277,818	\$ 42,910,000	\$ 34,392,965	\$ 205,794,853	\$ 19,260,000
Premiums	9,735,210	4,884,021	2,198,465	12,420,766	-
Compensated Absences	4,504,195	7,124,655	7,716,722	3,912,128	547,698
Net pension liability	125,657,105	30,687,255	14,757,320	141,587,040	
Total	\$ 337,174,328	\$ 85,605,931	\$ 59,065,472	\$ 363,714,787	\$19,807,698
Deferred Charge on Refundings	\$ 2,613,134	\$ -	\$ 524,271	\$ 2,088,863	\$ -

A schedule of the County's long-term obligations for business-type activities as of June 30, 2021 are as follows:

		Balance						Balance	l	Due in
	Ju	ne 30, 2020) Additions		Retirements		June 30, 2021		One Year	
Compensated Absences	\$	178,113	\$	271,804	\$	309,363	\$	140,554	\$	19,677
Net pension liability		5,377,404		1,278,636		948,420		5,707,620		
Total	\$	5,555,517	\$	1,550,440	\$	1,257,783	\$	5,848,174	\$	19,677

NOTE 5. LONG-TERM OBLIGATIONS (CONTINUED)

For the governmental activities, compensated absences and the net pension liability are substantially liquidated by the General Fund.

General Obligation Bonds

In November 2010, the County issued \$8,125,000 of general obligation refunding bonds bearing interest rates of 2.0% to 4.0% and with varying maturity dates through 2022. The refunding bonds provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for most future debt service payments on the 2002 County Bonds. As a result, the refunded bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$547,943, as the transaction resulted in an economic gain of \$420,749.

In January 2012, the County issued \$15,295,000 of general obligation refunding bonds bearing interest rates of 2.0% to 4.0% and with varying maturity dates through 2023. The refunding bonds provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for most future debt service payments on the 2003 County Bonds. As a result, the refunded bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$1,400,206, as the transaction resulted in an economic gain of \$2,196,519.

In August 2012, the County issued \$25,185,000 of general obligation refunding bonds bearing interest rates of 2.0% to 5.0% and with varying maturity dates through 2025. The proceeds were used to advance refund \$27,050,000 of outstanding 2005 general obligation bonds which had interest rates ranging from 3.0% to 5.0%. The net proceeds of \$28,882,311 (including a \$3,938,020 premium and after payment of \$240,709 in underwriting fees and other issuance costs) were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service payments on the refunded bonds. As a result, the 2005 general obligation bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$1,832,311, as the transaction resulted in an economic gain of \$4,316,298.

NOTE 5. LONG-TERM OBLIGATIONS (CONTINUED)

General Obligation Bonds (Continued)

In May 2013, the County issued \$7,580,000 of general obligation bonds bearing interest rates of 1.5% to 4.0% and with varying maturity dates through 2033. The proceeds of these bonds were used to pay off the related bond anticipation notes of \$2,500,000 and \$5,000,000 that were issued in May 2012 and October 2012, respectively.

In May 2013, the County issued \$25,000,000 of general obligation bonds bearing interest rates of 1.5% to 5.0% and with varying maturity dates through 2029. The proceeds of these bonds were used for the County's rural and critical land projects, as approved by referendum in November 2012.

In May 2013, the County issued \$33,150,000 of general obligation refunding bonds bearing interest rates of 1.5% to 5.0% and with varying maturity dates through 2026. The proceeds were used to advance refund \$11,250,000 and \$21,900,000 of outstanding 2006 and 2006B general obligation bonds which had interest rates ranging from 3.5% to 8.0% and 4.0% to 6.75%, respectively. The net proceeds of \$37,026,992 (including a \$4,174,601 premium and after payment of \$297,609 in underwriting fees and other issuance costs) were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service payments on the refunded bonds. As a result, the 2006 and 2006B general obligation bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$3,876,919, as the transaction resulted in an economic gain of \$2,013,870.

In November 2014, the County issued \$19,450,000 of general obligation bonds bearing interest rates of 2% to 5% and with varying maturity dates through 2034. The proceeds of these bonds will be used for various County and Hilton Head Island Airport capital projects.

In November 2014, the County issued \$22,570,000 of general obligation refunding bonds bearing interest rates of 2.5% to 4% and with varying maturity dates through 2029. The proceeds of these bonds will be used to advance refund the outstanding 2010B Build America General Obligation Bonds. The net proceeds of \$25,106,406 (including a \$2,246,455 premium after payment of \$289,951 in underwriting fees and other issuance costs) were deposited with an escrow agent to refund the bonds. As a result, the 2010B general obligation bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$225,674, as the transaction resulted in an economic gain of \$2,439,944.

NOTE 5. LONG-TERM OBLIGATIONS (CONTINUED)

General Obligation Bonds (Continued)

In March 2016, the County issued \$17,950,000 of general obligation refunding bonds bearing interest rates of 2.0% to 4.0% and with varying maturity dates through 2027. The proceeds were used to advance refund \$18,375,000 of outstanding 2007 general obligation bonds which had interest rates ranging from 4.0% to 5.0%. The net proceeds of \$19,200,267 (including a \$1,312,194 premium and after payment of \$168,556 in underwriting fees and other issuance costs) were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service payments on the refunded bonds. As a result, the 2007 general obligation bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The prior debt service, \$24,241,000, exceeded the refunding debt service, \$21,453,453, and results in cash flow savings in the amount of \$2,787,547. The reacquisition price exceeded the net carrying value of the old debt by \$716,723, as the transaction resulted in an economic gain of \$2,551,735.

In June 2017, the County issued \$51,000,000 of general obligation bonds bearing interest rates of 3.13% to 5% and with varying maturity dates through 2037. \$31 million of the proceeds of these bonds will be used for various County and Stormwater Utility capital projects and \$20 million of the proceeds of these bonds will be used for the County's rural and critical land projects, as approved by referendum in November 2014.

In March 2019, the County issued \$11,250,000 of general obligation bonds bearing interest rates of 2.5% to 5% and with varying maturity dates through 2039. The net proceeds of \$11,740,552 (including a \$609,072 premium and after payment of \$118,520 in underwriting fees and other issuance costs) were used to provide funds to finance various projects including the re-skinning of the County administration building, phase one of the Arthur Horn building replacement, detention center security upgrades, and the renovation of three County pools.

In August 2020, the County issued \$36,775,000 of general obligation bonds bearing interest rates of 1.0% to 5% and with varying maturity dates through 2040. The net proceeds of \$39,760,413 (including a \$2,985,413 premium and after payment of \$186,259 in underwriting fees and other issuance costs) were used to provide funds for the County's rural and critical land projects, as approved by referendum in November 2014, passive parks project, construction and renovation of buildings and acquisition of equipment needed by the County.

NOTE 5. LONG-TERM OBLIGATIONS (CONTINUED)

General Obligation Bonds (Continued)

In June 2021, the County issued \$6,135,000 of general obligation refunding bonds bearing an interest rate of 5% and with varying maturity dates through 2031. The net proceeds of \$6,135,000 were used to provide funds for refunding the Series 2011 general obligation bonds and paying costs associated with the issuance of the bonds.

The 2010C, 2012A, 2012C, 2013A, 2013B, 2013C, 2014A, 2014B, 2016A, 2017A, 2019A, 2020 and 2021 general obligation bonds are collateralized by the full faith and credit of the County and are payable from ad valorem taxes.

General obligation bonds accounted for in the County's Statement of Net Position consist of the following at June 30, 2021:

Description	Rates	Dates	Maturity	Original Issue	Outstanding at June 30, 2021
2010C County Bonds	2.0% - 4.0%	2/1 and 8/1	2022	\$ 8,125,000	\$ 1,035,000
2012A County Bonds	2.0% - 4.0%	3/1 and 9/1	2023	15,295,000	3,490,000
2012C County Bonds	2.0% - 5.0%	2/1 and 8/1	2025	25,185,000	16,269,853
2013A County Bonds	1.5% - 4.0%	5/1 and 11/1	2033	7,580,000	4,855,000
2013B County Bonds	1.5% - 5.0%	5/1 and 11/1	2029	25,000,000	16,250,000
2013C County Bonds	1.5% - 5.0%	3/1 and 9/1	2026	33,150,000	18,750,000
2014A County Bonds	2.0% - 5.0%	3/1 and 9/1	2034	19,450,000	14,095,000
2014B County Bonds	2.5% - 4.0%	3/1 and 9/1	2029	22,570,000	18,350,000
2016A County Bonds	2.0% - 4.0%	3/1 and 9/1	2027	17,950,000	11,890,000
2017A County Bonds	3.0% - 5.0%	2/1 and 8/1	2037	51,000,000	51,000,000
2019A County Bonds	2.5% - 5.0%	3/1 and 9/1	2039	11,250,000	10,500,000
2020 County Bonds	1.0% - 5.0%	3/1 and 9/1	2040	36,775,000	33,175,000
2021 County Bonds	5.0%	3/1 and 9/1	2031	6,135,000	6,135,000
				\$ 279,465,000	\$ 205,794,853

NOTE 5. LONG-TERM OBLIGATIONS (CONTINUED)

General Obligation Bonds (Continued)

A schedule of the debt service requirements associated with the general obligation bonds is as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total	
2022	\$ 19,260,000	\$ 7,224,505	\$ 26,484,505	
2023	19,190,000	6,787,351	25,977,351	
2024	19,605,000	5,744,301	25,349,301	
2025	18,225,000	4,972,951	23,197,951	
2026	11,405,000	4,315,301	15,720,301	
2027 – 2031	57,745,000	14,498,853	72,243,853	
2032 – 2036	44,155,000	5,322,907	49,477,907	
2037 – 2041	16,209,853	711,419	16,921,272	
Total	\$ 205,794,853	\$ 49,577,588	\$ 255,372,441	

Total interest paid on bonds outstanding for the year ended June 30, 2021 was \$7,768,590.

NOTE 6. INTERFUND TRANSFERS

Interfund transfers (in/out) were used to move resources to/from other funds in accordance with budgetary authorizations, or other requirements. These transfers were permanent in nature and as such there are not any anticipated repayments. The following interfund transfers were made during the year ended June 30, 2021.

Recipient Fund	Transferring Fund	 Amount
General Fund	Nonmajor Governmental Funds	\$ 1,584,205
County Wide General Obligation Bonds	General Fund	5,462,298
County Wide General Obligation Bonds	Nonmajor Governmental Funds	160,000
Nonmajor Governmental Funds	Nonmajor Governmental Funds	3,692,655
Nonmajor Governmental Funds	General Fund	2,186,747
Internal Service Fund	General Fund	 431,701
		\$ 13,517,606

NOTE 7. DEFERRED COMPENSATION PLANS

All state and local government employees can participate in a deferred compensation plan created in accordance with Internal Revenue Code 457. The plan, administered by the state public employee retirement system through a state approved nongovernmental third-party, permits governmental employees to defer a portion of their salary until future years. The deferred compensation is not available to an employee until termination, retirement, death, or unforeseeable emergency. Contributions by employees under the 457 and 457 Roth programs totaled \$349,399 and \$44,095, respectively, for the year ended June 30, 2021. There are no employer contributions made by the County to this plan. Participant account balances are not included in these financial statements.

County employees may participate in a 401(k) or a Roth 401(k) deferred compensation plans available to state and local governmental employees through the state public employee retirement system. The 401(k) and Roth 401(k) programs are administered by a state approved nongovernmental third party. Contributions by employees under the 401(k) and Roth 401(k) programs totaled \$618,707 and \$45,485, respectively, for the year ended June 30, 2021. There are no employer contributions made by the County to these plans. Participant account balances are not included in these financial statements.

NOTE 8. SELF-INSURED HEALTH INSURANCE

The County is self-insured for health claims incurred by employees and/or their dependents. The plan establishes a "Stop Loss" of \$200,000 per person per contract year. There are not any individuals excluded from the stop loss coverage with a specific deductible. At June 30, 2021, claims due and payable total approximately \$873,000 and are recorded as a liability and expenditure within the General Fund.

The following indicates claims versus premiums for the past fiscal year:

Current Year Claims and For the Year Beginning Changes in Claim Ending Ended June 30, Liability Estimate Payments Liability								•
Ended June 30, 2021	\$	749,000	\$	13,417,841			\$	873,000
2020	\$	778,203	\$	9,545,483	\$	9,574,686	\$	749,000

NOTE 9. PENSION PLANS

Description of the Entity

The South Carolina Public Employee Benefit Authority ("PEBA"), created July 1, 2012, is the state agency responsible for the administration and management of the various retirement systems and retirement programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' ("Systems") five defined benefit pension plans. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority ("SFAA"), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with GAAP. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

PEBA – Insurance Benefits issues audited financial statements and required supplementary information for the OPEB Trust Funds. This information is publicly available through the PEBA – Insurance Benefits' link on PEBA's website at www.peba.sc.gov or a copy may be obtained by submitting a request to PEBA – Insurance Benefits, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and, therefore, OPEB Trust fund financial information is also included in the annual comprehensive financial report of the state.

NOTE 9. PENSION PLANS

Plan Description

The County contributes to the South Carolina Retirement System ("SCRS"), a cost-sharing multiple-employer defined benefit pension plan that was established effective July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement allowances and other benefits for employees of the state, its public school districts and political subdivisions.

In addition to the SCRS pension plan, the County also contributes to the PORS, a cost-sharing multiple-employer defined benefit pension plan that was established effective July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement allowances and other benefits for police officers and firemen of the state and its political subdivisions.

Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is described below.

South Carolina Retirement System ("SCRS") – Generally, all employees of covered employers are required to participate in and contribute to the SCRS as a condition of employment. This plan covers general employees, teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the SCRS with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the SCRS with an effective date of membership on or after July 1, 2012, is a Class Three member.

South Carolina Police Officers' Retirement System ("PORS") – To be eligible for PORS membership, an employee must be required by the terms of his employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the state; to prevent and control property destruction by fire; or to serve as a peace officer employed by the Department of Corrections, the Department of Juvenile Justice, or the Department of Mental Health. Probate judges and coroners may elect membership in PORS. Magistrates are required to participate in PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by statute. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

NOTE 9. PENSION PLANS

Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation. A brief summary of benefit terms for each system is presented below.

South Carolina Retirement System ("SCRS") – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1% or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

South Carolina Police Officers' Retirement System ("PORS") – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty.

The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1% or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

NOTE 9. PENSION PLANS (CONTINUED)

Contributions

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS and PORS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability ("UAAL") over a period that does not exceed the number of years scheduled in state statute. Legislation in 2017 increased, but also established a ceiling for SCRS and PORS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9.00% for SCRS and 9.75% for PORS. The legislation also increased employer contribution rates beginning July 1, 2017 for both SCRS and PORS by two percentage points and further scheduled employer contribution rates to increase by a minimum of one percentage point each year through July 1, 2022. If the scheduled contributions are not sufficient to meet the funding periods set in state statute, the board shall increase the employer contribution rates as necessary to meet the funding periods set for the applicable year. The maximum funding period of SCRS and PORS is scheduled to be reduced over a ten-year schedule from 30 years beginning fiscal year 2018 to 20 years by fiscal year 2028.

Additionally, the Board is prohibited from decreasing the SCRS and PORS contribution rates until the funded ratio is at least 85%. If the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the System (the funded ratio) that is equal to or greater than 85%, then the Board, effective on the following July 1st, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than 85%.

If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the System shows a funded ratio of less than 85%, then effective on the following July 1st, and annually thereafter as necessary, the Board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the System shows a funded ratio that is equal to or greater than 85%.

Required employee contribution rates for the year ended June 30, 2021, are as follows:

South Carolina Retirement System

Employee Class Two 9.00% of earnable compensation Employee Class Three 9.00% of earnable compensation

South Carolina Police Officers' Retirement System

Employee Class Two 9.75% of earnable compensation Employee Class Three 9.75% of earnable compensation

NOTE 9. PENSION PLANS (CONTINUED)

Contributions (Continued)

Required employer contribution rates for the year ended June 30, 2021, are as follows:

South Carolina Retirement System

Employee Class Two 15.41% of earnable compensation Employee Class Three 15.41% of earnable compensation 0.15% of earnable compensation

South Carolina Police Officers' Retirement System

Employee Class Two 17.84% of earnable compensation
Employee Class Three 17.84% of earnable compensation
Employer incidental death benefit 0.20% of earnable compensation
Employer accidental death program 0.20% of earnable compensation

Net Pension Liability

The June 30, 2019, total pension liability ("TPL"), net pension liability ("NPL"), and sensitivity information shown in this report were determined by our consulting actuary, Gabriel, Roeder, Smith and Company ("GRS") and are based on an actuarial valuation performed as of July 1, 2019. The total pension liability was rolled-forward from the valuation date to the plans' fiscal year-end, June 30, 2020, using generally accepted actuarial principles. Information included in the following schedules is based on the certification provided by GRS.

The net pension liability is calculated separately for each System and represents that particular System's total pension liability determined in accordance with GASB No. 67, less that System's fiduciary net position. As of June 30, 2021 (measurement date of June 30, 2020), the net pension liability amounts for the County's proportionate share of the collective net pension liabilities associated with the SCRS and PORS plans are as follows:

System	Total Pension Liability	Plan Fiduciary Net Liability	Employers' Net Pension Liability	Plan Fiduciary Net Position as a percentage of the Total Pension Liability	County's Proportionate Share of the Collective Net Pension Liability	
SCRS	\$ 204,780,913	\$ 103,853,214	\$ 100,927,699	50.7%	0.394993%	
PORS	\$ 112,503,693	\$ 66,136,732	\$ 46,366,961	58.8%	1.398189%	

NOTE 9. PENSION PLANS (CONTINUED)

Actuarial Assumptions and Methods

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ended June 30, 2019 for first use in the July 1, 2021 actuarial valuation.

The June 30, 2020, total pension liability, net pension liability, and sensitivity information shown in this report were determined by our consulting actuary, Gabriel, Roeder, Smith and Company ("GRS") and are based on an actuarial valuation performed as of July 1, 2019. The total pension liability was rolled-forward from the valuation date to the plans' fiscal year-end, June 30, 2020, using GAAP.

The following table provides a summary of the actuarial assumptions and methods used in the July 1, 2018 valuations for SCRS and PORS.

	SCRS	PORS
Actuarial cost method	Entry Age Normal	Entry Age Normal
Actuarial assumptions:		
Investment rate of return	7.25%	7.25%
Projected salary increases	3.0% to 12.5% (varies by service)	3.5% to 9.5% (varies by service)
Benefit adjustments	Lesser of 1% or \$500 annually	Lesser of 1% or \$500 annually

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumption, the 2016 Public Retirees of South Carolina Mortality Table ("2016 PRSC"), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using published Scale AA projected from the year 2016.

Former Job Class	Males	Females
General Employees and Members of the General Assembly	2016 PRSC Males multiplied by 125%	2016 PRSC Females multiplied by 111%
Public Safety and Firefighters	2016 PRSC Males multiplied	2016 PRSC Females multiplied
	by 125%	by 111%

NOTE 9. PENSION PLANS (CONTINUED)

Actuarial Assumptions and Methods (Continued)

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rates of return represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2020 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table below. For actuarial purposes, the 7.25% assumed annual investment rate of return used in the calculation of the TPL includes a 5.00% real rate of return and a 2.25% inflation component.

Asset Class	Target Asset Allocation	Expected Arithmetic Real Rate of Return	Long-Term Expected Portfolio Real Rate of Return
Asset Class	Anocation	Nate of Neturn	Real Nate of Neturn
Global Equity	51.0%		
Global public equity	35.0%	7.81%	2.73%
Private equity	9.0%	8.91%	0.80%
Equity options securities	7.0%	5.09%	0.36%
Real assets	12.0%		
Real estate (private)	8.0%	5.55%	0.44%
Real estate (REITs)	1.0%	7.78%	0.08%
Infrastructure (Private)	2.0%	4.88%	0.10%
Infrastructure (Public)	1.0%	7.05%	0.07%
Opportunistic	8.0%		
Global tactical asset allocation	7.0%	3.56%	0.25%
Other opportunistic strategies	1.0%	4.41%	0.04%
Credit	15.0%		
High yield bons/ bank loans	4.0%	4.21%	0.17%
Emerging markets	4.0%	3.44%	0.14%

	Total expected real ref	turn	5.80%
	Inflation for actuarial p	urposes	2.25%
	Total expected nomina	al return	8.05%

NOTE 9. PENSION PLANS (CONTINUED)

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina State Code of Laws. Based on those assumptions, the County's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following table presents the sensitivity of the net pension liability to changes in the discount rate for the County and the respective component units.

Sensitivity of the N	Net Position Liability	y to Changes in the	Discount Rate
----------------------	------------------------	---------------------	---------------

	1	1% Decrease (6.25%)		Current iscount Rate (7.25%)	1	1% Increase (8.25%)		
SCRS	\$	125,087,508	\$	100,927,699	\$	80,753,968		

Pension Expense

For the year ended June 30, 2021, the County recognized its proportionate share of collective pension expense of \$11,292,786 and recognition of deferred amounts from changes in proportionate share and differences between employer contributions and the proportionate share of total plan employer contributions of \$1,317,487 for a total of \$12,610,273 for the SCRS plan. Additionally, for the year ended June 30, 2021, the County recognized its proportionate share of collective pension expense of \$6,679,025 and recognition of deferred amounts from changes in proportionate share and differences between employer contributions and the proportionate share of total plan employer contributions of (\$463,794) for a total of \$6,215,231 for the PORS plan.

NOTE 9. PENSION PLANS (CONTINUED)

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to the SCRS and PORS pension plans, respectively, from the following sources:

		Deferred Outflows	Deferred Inflows	
SCRS	of	Resources	of	Resources
Differences between expected				
and actual experience	\$	1,164,574	\$	381,651
Net difference between projected and actual				
earnings on pension plan investments		7,424,082		-
Assumption changes		123,653		-
Changes in proportion and differences				
between employer contributions and				
proportionate share of contributions		1,129,146		711,673
Employer contributions subsequent				
to the measurement date		6,676,049		-
Total	\$	16,517,504	\$	1,093,324

		Deferred Outflows	Deferred Inflows

Assumption changes		565,829		-	
Changes in proportion and differences					
between employer contributions and					
proportionate share of contributions		147,145		1,210,397	
Employer contributions subsequent					
to the measurement date		3,644,729		-	
Total	\$	10,090,960	\$	1,414,493	
	-				

NOTE 9. PENSION PLANS (CONTINUED)

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

County contributions subsequent to the measurement date of \$6,676,049 and \$3,644,729 for the SCRS plan and the PORS plan, respectively, are deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30,	 SCRS	 PORS
2022	\$ 2,055,457	\$ 1,259,916
2023	2,441,436	1,056,792
2024	2,356,771	1,480,878
2025	 1,894,467	 1,234,152
Total	\$ 8,748,131	\$ 5,031,738

Pension Plan Fiduciary Net Position

Detailed information regarding the fiduciary net position of the plans administered by PEBA is available in the separately issued Annual Comprehensive Financial Report containing financial statements and required supplementary information for SCRS and PORS. The Annual Comprehensive Financial Report of the Pension Trust Funds is publicly available on PEBA's Retirement Benefits' website at www.retirement.sc.gov, or a copy may be obtained by submitting a request to PEBA, P.O. Box 11960, Columbia, South Carolina 29211-1960.

NOTE 10. ACCRUED COMPENSATED ABSENCES AND OTHER BENEFITS

Effective February 15, 1993, Beaufort County adopted a new leave policy for all employees. The TOWP/SCA policy was replaced with a policy granting Personal Leave Days and Personal Disability Leave. Under the new policy, employees were entitled to a maximum Personal Leave balance of 280 hours. Upon termination, employees will be paid for all unused, unpaid Personal Leave up to this maximum. The liability recorded at June 30, 2021, to cover unused, unpaid Personal Leave including fringe benefits totaled \$4,052,682.

Accrued compensated absences for governmental activities as of June 30, 2021 are as follows:

_	Balance		_			Balance		Due in
Jun	ne 30, 2020	 Additions	Re	etirements	Ju	ne 30, 2021	0	ne Year
\$	4,504,195	\$ 7,124,655	\$	7,716,722	\$	3,912,128	\$	547,698

Accrued compensated absences for business-type activities as of June 30, 2021 are as follows:

	alance					E	Balance	I	Due in
June	30, 2020	A	dditions	Re	tirements	Jun	e 30, 2021	0	ne Year
\$	178,113	\$	271,804	\$	309,363	\$	140,554	\$	19,677

The County considers accrued compensated absences to be reported as a current and long-term liability. For governmental activities, compensated absences payable are liquidated by the General Fund.

All leave hours accrued in excess of this Personal Leave maximum were accrued to the employee's Personal Disability leave account. A maximum of 360 hours may be maintained in an employee's Personal Disability leave account. The only accrual to this balance occurs when an employee's Personal Leave account exceeds 280 hours, at which time excess hours are "rolled over" to the Personal Disability leave account. Personal Disability leave is to be used in the case of an extended or life threatening illness. This account can only be used once all accrued hours in the Personal Leave account have been used to a balance of 80 hours or less. The employee must present a doctor's statement verifying the disability or illness in order to utilize his/her Personal Disability leave. Employees with remaining SCA leave balances may retain those balances. The same rules governing the use of Personal Disability leave apply to the use of SCA leave. Upon termination of employment with Beaufort County, no payment for any unused SCA or Personal Disability leave will be made.

The County does not provide post-employment health care benefits except those mandated by the Consolidated Omnibus Budget Reconciliation Act ("COBRA"). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

NOTE 11. FUND BALANCES

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2021, fund balances for government funds are made up of the following:

- Nonspendable Fund Balance includes amounts that are: a) not in spendable form, or b)
 legally or contractually required to be maintained intact. The "not in spendable form" criterion
 includes items that are not expected to be converted to cash, for example: inventories,
 prepaid amounts, and long-term notes receivable.
- Restricted Fund Balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of the resource providers.
- Committed Fund Balance includes amounts that can only be used for the specific purposes
 determined by a formal action of the County's highest level of decision-making authority,
 County Council. Commitments may be changed or lifted only by the County taking the same
 formal action that imposes the constraint originally.
- Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as committed. County Council has by resolution authorized the County Administrator to assign fund balance. County Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.
- Unassigned Fund Balance is the residual classification when the balances do not meet the above criterion. The County reports, positive unassigned fund balance only in the General Fund. Negative unassigned fund balance may be reported in any governmental funds.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

NOTE 11. FUND BALANCES (CONTINUED)

Beaufort County Council is the County's highest level of decision-making authority that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

The County considers restricted amounts to have been spent when an expenditure is incurred for the purposes for which both restricted and unrestricted amounts are available. When an expenditure is incurred for which committed, assigned, or unassigned amounts could be used, the County considers expenditures to be used in this respective order.

The County has established a fund balance policy for the General Fund, through Ordinance No. 2014/6, that requires the maintenance of a fund balance of at least 30% of the total General Fund expenditures of the previous fiscal year as an unassigned fund balance.

The County has established a Debt Service Fund balance policy, through Ordinance No. 2014/7, that requires the maintenance of a fund balance that covers the County's interest payments, occurring on August 1st and September 1st of every fiscal year.

NOTE 11. FUND BALANCES (CONTINUED)

Fund balances for all the major and nonmajor funds as of June 30, 2021, were distributed as follows:

	General Fund	County Wide General Obligation Bonds	Sales Tax Project	Nonmajor Governmental Funds	Total
Nonspendable:					
Prepaid items	\$ 2,100,954	\$ -	\$ -	\$ -	\$ 2,100,954
	2,100,954				2,100,954
Restricted:					
General government grants	-	-	-	19,275,029	19,275,029
Public safety grants	-	-	-	7,537,057	7,537,057
Public works grants	-	-	-	36,758,894	36,758,894
Public health grants	-	-	-	5,295,784	5,295,784
Public welfare grants	-	-	-	104,118	104,118
Cultural and recreation grants	-	-	-	14,029,275	14,029,275
Capital projects	-	-	99,638,927	52,115,032	151,753,959
Debt service	-	21,177,387	-	4,467,611	25,644,998
		21,177,387	99,638,927	139,582,800	260,399,114
Assigned:					
General government	3,261,035	-	-	-	3,261,035
Traffic engineering	73,337		-	-	73,337
Parks and leisure special events	430,984	-	-	-	430,984
	3,765,356				3,765,356
Unassigned	65,808,134			(6,089)	65,802,045
	\$ 71,674,444	\$ 21,177,387	\$ 99,638,927	\$ 139,576,711	\$ 332,067,469

NOTE 12. COMMITMENTS AND CONTINGENCIES

Arbitrage rules - State and local bonds issued after 1984 are subject to arbitrage restrictions as enacted by the Federal Government. To retain the bonds' tax exempt status, local governments must comply with the regulations as adopted by the government and expend all of the bond proceeds within designated periods which could be up to three years. The County believes it is in compliance with all arbitrage rules.

As of June 30, 2021, the County has outstanding construction contracts of \$2,644,550.

NOTE 13. RISK MANAGEMENT AND LITIGATION

The County is exposed to various risks of losses related to torts; thefts of; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disaster. The County manages risk through employee educational and prevention programs and through the purchase of casualty and liability insurance. All risk management activities are accounted for in the General Fund.

For all of these risks, the County is a member of the State of South Carolina Insurance Reserve Fund. The County pays premiums to the Fund for its general insurance coverage. The agreement for formation of the Fund provides that the Fund will be self-sustaining through member premiums and will reinsure through commercial companies for each insured event.

Expenditures and claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported are considered.

The County is a party to several lawsuits which seek to recover property taxes paid under protest and to overturn property sold at "tax sales." The County's attorney estimates that the amount of actual or potential claims against the County at June 30, 2021 will not materially affect the financial conditions of the County. Therefore, the General Fund contains no provision for estimated claims.

The County is a party to a lawsuit regarding the termination of other post-employment healthcare insurance coverage for which management cannot determine the outcome. Therefore, there is no provision provided in the financial statements.

The County has not significantly reduced insurance coverage from the previous year nor has it settled claims in excess of insurance coverage for the last three years that were material.

NOTE 14. RESTATEMENT OF PRIOR YEAR NET POSITION

In fiscal year 2021, the County adopted GASB Statement No. 84, *Fiduciary Activities*. This statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on: 1) whether a government is controlling the assets of the fiduciary activity, and 2) the beneficiaries with whom a fiduciary relationship exists. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. Governments with activities meeting the criteria should present a statement of fiduciary net position and a statement of changes in fiduciary net position. The County restated beginning net position for the Fiduciary Funds for the cumulative effect of this accounting change. These changes are in accordance with generally accepted accounting principles.

	_ FI	duciary Funds

REQUIRED SUPPLEMENTARY INFORMATION SCHEDULE OF MODIFIED APPROACH FOR AIRPORT INFRASTRUCTURE ASSETS June 30, 2021

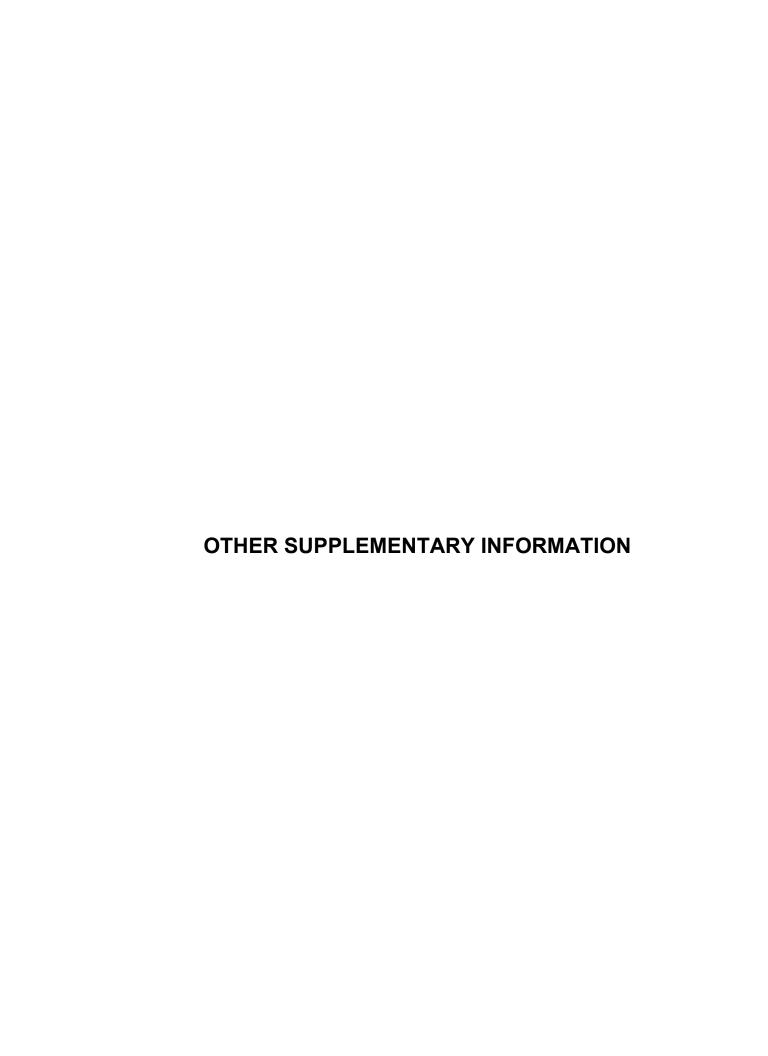

Beaufort County's airport infrastructure assets consist of approximately 25% airport runways, 25% airport taxiways, and 50% airport aprons. The condition of the runways, taxiways, and aprons is measured using several distress factors found in pavement surfaces. The airports' pavement management system uses a measurement scale that is based on a condition index. For the Beaufort Executive Airport, the South Carolina Aeronautics Commission ("SCAC") condition scale is used to classify runways, taxiways, and aprons. The SCAC condition scale is as follows: good or better condition (70 - 100), fair condition (50 - 69), and substandard condition (less than 50). For the Hilton Head Island Airport, the Federal Aviation Administration ("FAA") condition scale is used to classify runways, taxiways, and aprons. The FAA condition scale is as follows: excellent condition (5), good condition (4), fair condition (3), poor condition (2), and failed condition (1). It is the County's policy to maintain the runways, taxiways, and aprons at a fair condition or better. Condition assessments are determined every year by the County at both airports, the SCAC at the Lady's Island Airport, and the FAA at the Hilton Head Island Airport. The County's runways, taxiways, and aprons have an estimated useful life, without resurfacing, of 25 years. Due to the strong safety concerns of airplanes landing, taking off, and taxiing on these surfaces, all surfaces are repaired immediately if and when there is a need for such repairs.

Actual maintenance of runways, taxiways, and aprons involves scraping and providing improved surface materials on an as needed basis or filling cracks within the pavement on an as needed basis.

	FY 2021	FY 2020	FY 2019	FY 2018	FY 2017
Percent of Runways in Fair or Better Condition	100%	100%	100%	100%	100%
Percent of Taxiways in Fair or Better Condition	50%	100%	100%	100%	100%
Percent of Aprons in Fair or Better Condition	43%	100%	100%	100%	100%
Percent of Annual Resurfacing of Runways Completed	0%	0%	0%	0%	0%
Percent of Annual Resurfacing of Taxiways Completed	0%	0%	0%	0%	0%
Percent of Annual Resurfacing of Aprons Completed	0%	0%	0%	0%	0%

The County estimates maintenance expense in the amount of \$2,000,000 to be incurred every five years for paving costs in order to maintain and preserve at (or above) the condition level established and disclosed above. The County adopted the modified approach for its airport infrastructure assets in fiscal year 2011.

During Fiscal Years 2021, 2020, 2019, 2018, and 2017, the Hilton Head Island Airport expended \$5.1 million, \$2.4 million, \$4.4 million, \$15.6 million, and \$9.2 million, respectively, related to the relocation of taxiways A and F and replacement of the general aviation ("GA") ramp and the runway extension project. The County also has a grant request in process with the FAA and the SCAC to obtain funding for both airports runway and taxiway rehabilitation and/or construction, which is listed as high priority items on the respective CIP lists. HXD's project is in design. ARW will be in design this year if approved by the FAA.

Notes:

- Note 1: The intergovermental revenues are provided by the South Carolina Department of Transportation, State Mass Transit Funds.
- Note 2: The Charges for Services are Ridership Fees. The transfer in is funding provided by Beaufort County's General Fund.
- Note 3: In July 2018, Beaufort County purchased real property that is the embarkation point for the Daufuskie Ferry. Beaufort County receives rental income and also incurs utility expenditures for the real property.

STATISTICAL SECTION

This part of the County's, annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, notes disclosure, and required supplementary information says about the County's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	188 – 193
Revenue Capacity	194 and 197
These schedules contain information to help the reader assess the factors affecting the County's ability to generate its property and sales taxes.	
Debt Capacity These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	198 – 202
Demographic and Economic	
Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place and to help comparisons over time and with other governments.	.203 and 204
Operating Information. These schedules contain information about the County's operations and resources to help the reader understand how the County's financial information relates to the services the County provides and the activities it performs.	205 – 207

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

Subtotal of Overlapping Debt	635,671,862		635,671,862
Beaufort County Direct Debt			205,795,000
Total of Direct and Overlapping Debt			\$ 841,466,862

Source: Debt outstanding provided by each governmental unit.

Note: As all of this debt is within Beaufort County, the percentage of applicable debt to the County is 100%. This process recognizes that, when considering the County's ability to issue long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying debt of each overlapping government.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

County Council
of Beaufort County
Beaufort, South Carolina

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of **Beaufort County, South Carolina** (the "County"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Beaufort County, South Carolina's basic financial statements, and have issued our report thereon dated January 19, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

County Council
of Beaufort County
Beaufort, South Carolina

Report on Compliance for Each Major Federal Program

We have audited **Beaufort County**, **South Carolina's** (the "County") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2021. The County's major federal program is identified in the summary of audit results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the County's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program, and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE FISCAL YEAR ENDED JUNE 30, 2021

NOTE 1. BASIS OF PRESENTATION

Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Beaufort County, South Carolina (the "County"), and is presented on the modified accrual basis of accounting for governmental fund types and the accrual basis of accounting for the proprietary fund types. The County reporting entity is defined in Note 1 to the County's basic financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in the schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

De-Minimis Indirect Cost Rate

During the year ended June 30, 2021, the County did not use the 10% de-Minimis indirect cost rate.

Non-Cash Awards

There were no federal awards expended in the form of noncash assistance during the fiscal year. There were also no loans or loan guarantees outstanding at year-end.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2021

SECTION II FINANCIAL STATEMENT FINDINGS AND RESPONSES

None reported.

SECTION III FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

None reported.

SCHEDULE OF PRIOR YEAR FINDINGS FOR THE FISCAL YEAR ENDED JUNE 30, 2021

2020-001. General Accounting Matters

Criteria: Internal control is a process designed to provide reasonable assurance about the achievement of an entity's objectives with regard to the reliability of financial reporting, effectiveness and efficiency of

operations, and compliance with applicable laws and regulations. Internal control is a process of safeguarding assets against unauthorized acquisition, use, or disposition, and includes controls related to financial reporting

and operational objectives.

Generally accepted accounting principles require assets, liabilities, revenues and expenditures/expenses to

be recognized in the accounting period in which they become earned, measurable (and available for modified accrual funds). Further, a fundamental principle in accounting and financial reporting is the notion of timely

recognition and recording of financial and non-financial transactions and activities.

Condition: Certain accounting, reporting and reconciling procedures were not properly performed and

reviewed during the fiscal year, which required a significant effort to close the County's 2020 fiscal year. Significant adjustments were required to be recorded. We noted deficiencies in completeness, accuracy, and

cut off. Specifically, we noted a lack of accurate financial and non-financial information needed to properly maintain general ledgers, subsidiary ledgers, reconciliations and to close-out and report activities, events and

transactions on a periodic basis.

Auditee Response/ Status: Resolved.

2020-002. Bank Reconciliations

Criteria: Internal controls should be in place to provide reasonable assurance that reconciliations of cash

balances to their bank accounts are reviewed and approved by management.

Condition: During our testing of cash balances, we noted the bank reconciliation for the Payroll checking

account had an unexplained difference between the general ledger balance and the reconciled cash balance

of \$206,547.

Auditee Response/ Status: Resolved.

2020-003. Timeliness of Federal Drawdowns

Criteria: Airport Improvement Program Grant guidelines require that reimbursement of grant expenditures be

submitted on a timely basis.

Condition: Grant expenditures were not being submitted in a timely manner during the fiscal year ended

June 30, 2020.

Auditee Response/ Status: Resolved.

218

SCHEDULE OF PRIOR YEAR FINDINGS FOR THE FISCAL YEAR ENDED JUNE 30, 2021

2020-004. Timeliness of Completing the Federal Financial Report (SF-425) Submission

Criteria: Airport Improvement Program Grant guidelines require that the Federal Financial Report form be submitted during the required period as outlined in the Airport Improvement Program guidelines.

Condition: The Federal Financial Report form was not submitted during the permitted time for the fiscal year ended June 30, 2020.

Auditee Response/ Status: Resolved.
